Reports Still Awaited on Stand for Army, War Department and Vet Administration

By WILLIAM F. ARBOGAST

Washington, May 24 (AP)—Rep. Cannon (D.-Mo.) declared today the sharply-trimmed agriculture appropriation measure for 1948 is "the worst bill of its kind ever sent to the House floor."

In trimming 32 per cent off President Truman's budget requests for the fiscal year starting July 1, Cannon told reporters, "the Republicans have tossed the farmer's to the lions."

As ranking minority member of the House Appropriations Committee, Cannon said he will lead a Democratic fight against the reduction when the bill comes up for debate next week.

Rep. Gore (D.-Tenn.) said the Democrats will carry the issue into next year's congressional elections unless the G.O.P.-controlled House heeds their plea.

Both Cannon and Gore conceded there is little hope the House will reverse the appropriations committee, which is driving toward a goal of a $6,000,000,000 reduction in the President's overall budget of $37,500,000,000 for next year.

Still Short of Mark

By their own figures, and assuming the House backs up the $383,42[illegible],742 agriculture cut, the Republicans still are about $3,325,000,000 short of the mark.

Previous House-voted cuts total approximately $1,650,000,000, in addition to a $642,000,000 item inserted by the Senate in a deficiency bill.

The deficiency bill maneuver requires the Treasury to cancel immediately, instead of next year, notes given by the Commodity Credit Corporation to cover losses on wartime food subsidies.

Body of Negro Is Sought, Also Mob In Lynching Party

Godwin Bush, 24, Taken From Jail Where He Was in Custody for Attack

Jackson, N. C., May 24 (AP)—Law enforcement officers, their ranks swelling by the hour, combed the thick pine forests of Northampton and Hertford counties today for a young Negro believed to have been the victim of a masked lynching party early yesterday.

"What we expect to find is his body," said Northampton Sheriff J. C. Stephenson. "I am afraid a lynching has taken place."

The object of the search was 24-year-old Godwin (Buddy) Bush, charged with attempting to rape a young white woman. He was seized in the Northampton county jail here by an armed, masked band of white men who disappeared in the pre-dawn darkness yesterday.

Many in Search

No trace of the Negro, nor of his white captors, has been found by the more than 75 state highway patrolmen, State Bureau of Investigation agents, and city and county officers who have joined the search.

In Raleigh Gov. R. Gregg Cherry announced that he had ordered the S.B.I. "to locate those responsible. Such persons will be prosecuted to the full extent of the law. My instructions are that every officer attached to the State Bureau of Investigation is to be assigned there if it is necessary."

City Rocked by Callanan Blasts

Many local residents moved by the fear that the city had experienced a damaging earthquake or unusual explosion set up what the police described as a "flurry" of telephone calls shortly after 4:30 p. m. Friday.

Several local residents reported that their homes shook as though in the path of a tremendous tremor and the police report noted that the city hall building was noticeably shaken.

The police checked with the Callanan Road Improvement Company of South Rondout and learned from them that a series of blasts had been set off just prior to the wave of telephone calls which kept the officers at police headquarters busy for several minutes.

No 'Kickback' to British From Aid To Greece-Turkey

By JOHN HIGHTOWER

Washington, May 24 (AP)—The State Department says Great Britain will get some American dollars out of the $400,000,000 Greek-Turkish aid program, but only by selling the Greeks military equipment.

Undersecretary of State Dean Acheson denied flatly at a news conference late yesterday that there will be any "kickbacks" of funds to cover British expenses in supporting the Greek armed forces since March 31.

The British may obtain several millions in badly needed dollar exchange, he added, by delivering munitions of a type which could not be obtained elsewhere. This is because the Greek army now uses British equipment.

Similarly, Acheson said, Italy France and other countries which need American dollars to buy goods in this country may be able to supply some of the things which the United States will send into Greece.

The question was raised by a reporter who told Acheson there had been reports Great Britain would ask a $20,000,000 reimbursement of money spent since the March 31 date when the United States was asked to take over the job of bolstering Greece against Communist inroads.

Acheson replied that no such issue has been raised.

Asked whether the U. S. program is being delayed by failure of President Truman to find an administrator for Greece, Acheson said he knew of no delay yet but that the man must be named soon.

He said the Americans who will handle the aid should start for Greece in the next week or so.

District Votes to Keep Flatbush School Open

The residents of School District 16, Town of Saugerties, voted by a large majority to keep the school at Flatbush open for the 1947-48 semester at a special meeting held this week. The vote was taken after a motion was made to that effect.

A motion to send pupils of the eighth grade to the Myron J. Michael School in Kingston also was passed by the voters. Residents later acted favorably upon the question of installing toilets in the school.

Before the meeting adjourned residents of the district voted in favor of presenting a token of appreciation to Mrs. Phoebe Dimmler who has taught school 23 years in the district. The presentation will take place at the graduation exercises Thursday, June 19.

Renew Paula Welden Hunt

Bennington, Vt., May 24 (AP)—One hundred picked searchers today began combing 24-square miles of mountains in a renewed hunt for Paula Welden, 18-year-old Bennington College sophomore, who disappeared last December. The pretty daughter of a Stamford, Conn., industrial engineer vanished while hiking toward trails leading to Glastenbury and Bald Mountains. The searchers planned to rake trails and slopes of both mountains which were the scenes of several futile hunts shortly after the girl disappeared.

Maritime Demands

New York, May 24 (AP) — The C.I.O. National Maritime Union yesterday presented 39 ship owning and operating companies on the Atlantic and Gulf coasts with a 64-page document listing demands to be included in a new contract, and a union spokesman said he felt negotiations for the new pact "can be concluded by June 15," the date the present contract expires. Listed among the demands are "substantial wage increases, a 40-hour week and six weeks annual vacation with pay."

Philadelphia, May 24 (AP)—A seven-month-old Philadelphia boy has contracted Tertian malaria from a blood transfusion given by a war veteran who served in the Pacific, the city health department reports.

Progress Reported By Volunteers for July Convention

Indications Are County Companies Will Be Well Represented at Port Ewen

At an enthusiastic meeting to elaborate on plans for the 12th annual convention of the Ulster County Volunteer Firemen's Association, President Edward Mains urged a large gathering in the Connelly firehouse to act as missionaries in stressing the importance of the organization.

The convention is scheduled for three days in Port Ewen, July 24, 25 and 26, with companies from the Esopus Fire District acting as hosts — Connelly, Port Ewen, Esopus, Rifton and St. Remy.

In his talk to the volunteers, President Mains outlined the duties and responsibilities of the firemen and asked that each one present impress upon home owners that volunteers are on call 24 hours a day to protect life and property.

Wilson LeFever, chairman of the convention committee, pointed out that interest displayed by various fire departments throughout the county indicates that every one of them will be represented at the convention.

Reports on Progress

Harry Van Ormer, chairman of the program committee, reported that the response of the advertisers for the program journal was progressing rapidly, and requested that if any advertiser was missed, he could send his listing direct to Edward Mains, at Port Ewen.

Edgar Mauer and Harry Secor reported that completed arrangements for the decorations would be made by the next meeting.

Ed McKinney was made chairman of the refreshment committee and will be assisted by Joe Dulin, Edgar Mauer, Charles Lawler and all the members of the Connelly Fire Department.

Charles Elmendorf, chairman of entertainment, reported that he has arranged for a special carnival on June 14 at Rifton, including dancing, refreshments and all the fun that goes with a carnival. He further reported that this is only one of the other social functions being planned in each fire district in conjunction with the Auxiliaries to help raise the necessary funds to make the Ulster County Volunteer Firemen's convention an outstanding success.

Next Meeting June 5

It was decided that the next meeting be held on June 5 at Rifton Fire Department. This is in line with the plan of rotating meetings to each fire district in order to create more of a local in-

Damages Pump, Will Pay

Victor Baer of Palm Beach, Fla., attempted to turn around at the Wilson Garage in Woodstock last evening and in so doing struck one of the gas pumps in front of the Louis Wilson Garage, knocking over the pump. Mr. Baer told Trooper Ray Dunn of Lake Katrine later that when he turned around he heard a slight noise behind his car but did not believe any damage had been done so he drove on. Trooper Dunn located Baer at the Irvington Hotel later and after informing Baer of the damage, an agreement was made to make good for the damage. There was no arrest.

Wool Protection Labeled Knockout To World Trade

Cooley Says Truman Must Veto Measure Unless House Clause Is Revised

By ALEX H. SINGLETON

Washington, May 24 (AP)—A House vote to give American wool producers increased tariff was described by opponents today as a possible knocking blow for the 18-nation international trade conference in Geneva.

Rep. Cooley (D-NC) told newsmen President Truman will have "no other choice" than a veto unless the measure extending a wool price support program one year from next December 31, is revised by a House-Senate conference.

As the measure passed the Senate, it called for government support payments to domestic wool growers through the Commodity Credit Corporation equal to the 1946 level.

But the House yesterday added a clause in effect directing the chief executive to order the Tariff Commission to increase the present import levy of 34 cents a pound for clean, raw wool if imports threaten to undercut the support program.

It turned thumbs down to make that protective clause inoperative if it affected present or future international agreements.

If the bill becomes law, the American delegation at Geneva will be unable to write any agreements involving lower barriers here for importation of wool.

Undersecretary of State Will Clayton returned home recently for consultation. The Australian delegate also went home for "new instructions."

Coley produced a letter from Clayton during the debate yesterday saying:

"If the proposed amendment providing new import barriers is adopted, the moral leadership of the United States will suffer a serious blow.

"If at this time, when we are actually negotiating with other countries at Geneva for the lowering of trade barriers, we raise new barriers as this bill proposes, we stand convicted of insincerity.

"Wool is a critical item in our current negotiations for an international trade organization for the expansion of world trade and employment. Although wool raising accounts for less than one-half of one percent of our agricultural income, it is very important to world trade."

New Star Found

Pasadena, Calif., May 24 (AP)—Maybe you can't see it, but a new star has been found in the constellation Sagittarius. It's 20 times fainter than anything visible to the naked eye, but Mt. Wilson Observatory's Dr. Leonard Joy said it showed up on a spectrum-photographic plate. Dr. Joy said the star, classed as a ninth magnitude nova about 1,000 light years distant, was a "minor discovery."

New York Woman Will Run Maverick Theatre for Season

Woodstock, May 24—Captain Cornelius Vander Loo of Woodstock has leased the Maverick Theatre for the summer months to Miss Jean Pearson of the Neighborhood Theatre of New York city.

The company of 13 is expected to arrive in Woodstock Thursday and will make their home with Captain and Mrs. Vander Loo.

Although no definite program has been lined up for the coming summer months the company is expected to open during the third week in June, it was announced.

In readiness for the coming theatre program, the Maverick Theatre has been undergoing several changes including the installation of 10 fire extinguishers.

The leasing of the Woodstock theatre to Miss Pearson carries out the policy started by Captain Vander Loo's father and Hervie White who initiated the idea of limiting the theatre to various artistic people. The tradition is still being carried out in order to help ambitious artists make a definite start in that profession.

The program for the coming months is expected to be announced at a future date.

Officers Hunting Truck That Struck Automobile

Local police and the sheriff's office today were attempting to determine ownership and the name of the driver of a truck which struck an auto and turned it completely around on the Boulevard near the entrance of the Tuberculosis Hospital shortly after 4 p. m. Friday.

Edward Smythe of 19 Clarendon avenue, who reported the accident, said that his auto after it was struck by the truck, came in contact with two other cars in its unusual spin on the road. This phase of the accident, he said, resulted in no damage nor personal injuries.

The truck was described as a black ¾-ton type with white lettering on the side. According to the police report, its driver was thought to be intoxicated.

Officers Earl Schoonmaker and James Burns investigated for the local police.

Boost Capehart

Indianapolis, May 24 (AP)—Republican U. S. Senator Homer E. Capehart today was asked to become immediately "an active candidate for the office of president of the United States." The request was contained in an "open letter" signed by G.O.P. leaders, public officials and persons prominent in professional, business, agricultural and veterans affairs in Lawrence county, home of Senator William E. Jenner (R-Ind.).

Tanker Fire Reported

Deal, England, May 24 (AP)—The 10,441-ton American tanker Newhall Hills reported by radio today that two of her tanks had blown out and that crewmen were fighting a fire raging in her forward section as the vessel drifted near treacherous Goodwin Sands.

Ives' Fight to Cut Labor Powers Wins Favor of Young Republicans

By HENRY LEADER

Schroon Lake, N. Y., May 24 (AP)—The fight of U. S. Senator Irving M. Ives to soften the proposed federal law to curb the powers of labor unions won support today from New York Young Republicans and a declaration by Governor Dewey that the G.O.P. was "big enough to hold the widest variety of views."

Endorsement of Ives' views on labor legislation, which have been criticized severely behind the scenes by Republican county leaders upstate, was contained in a platform submitted to the 15th annual convention of the State Association of Young Republican Clubs for expected approval at its closing session late today.

The convention platform committee adopted the program unanimously last night, shortly before Dewey implicitly scotched reports that he had split with Ives because of the senator's efforts to "liberalize" provisions of the pending labor-restricting legislation.

In the same hall where Ives himself will speak tonight to the Young Republicans, the governor said the G.O.P. was "the only party untainted with the evils of totalitarianism of either the right or the left."

"Ours is also a party big enough to hold the widest variety of views. There are all kinds of liberals and all kinds of conservatives and all kinds of middle-of-the-roaders in our party.

"And so long as they are good Americans and loyal to the Constitution and devoted to the Bill of Rights, we welcome them."

Points of view clash during discussions of party leaders on proposed legislation, the governor conceded, but "we sit down and work out the compromises which result in sound, constructive programs for the benefit of all the people."

"You will not find the doctrinaire in the group," he declared. "You will find able, open-minded, honest men of earnest convictions and broad knowledge of the government. They respect each other and they welcome new viewpoints."

Dewey maintained that "for those who love the institutions of free government and who are willing to accept responsibility for helping to preserve them," there was "one clear choice. That choice is the Republican party."

It is the only party in this state, he asserted, "which has not sunk to bargaining public offices for the support of the enemies of our society."

He said the G.O.P. held particular appeal for young people, who, he added, were realizing that it had become 'the only party of responsible government.'

He described the Democratic party as a "one great political party" that had degenerated "to sheer demagoguery" and "betrayed the people of the whole state."

The closing day's program of the two day convention included a luncheon address by Gov. Ernest W. Gibson of Vermont and after-dinner speeches by Ives, State Senator Walter J. Mahoney of Buffalo, and Glen R. Bedenkapp, Republican state chairman.

Harry O. Velsor and M. W. Halterman Buy Famous Village Restaurant

Friday one of the most important recent real estate transactions involving Woodstock real property was consummated when The Nook, famous cafeteria and restaurant in the village, was sold by Adam and Ester Maria Graver to Harry O. Velsor and Millard W. Halterman, former Queens Village residents. The transaction was handled through the law offices of Martin F. Comeau, 254 Fair street, Mr. Comeau representing the sellers.

Messrs. Velsor and Halterman intend to continue the business in the same manner as it has been conducted since 1931 when it was purchased from George Neher, who in 1922 had acquired the premises and conducted it as an ice cream parlor until he sold it to the Gravers.

While Messrs. Velsor and Halterman have been residents of Queens Village, Long Island, they are no strangers in the village of Woodstock, having visited Woodstock annually for the past 20 years where they spent their vacations at the George W. Riseley home. Mr. Halterman will make his permanent residence in Woodstock, having purchased the Trippico property at Montoma.

The new purchasers took immediate possession of The Nook on closing title Friday and business was not even suspended during the period of negotiations. It is the intention of the new owners to continue the business in the same successful manner that it has been conducted during the sixteen-year period of ownership by the Graver interests and Messrs. Velsor and Halterman expressed their hope that the same spirit of good-will would continue under their management.

The Nook has long been a popular place for local people to dine and also for the many summer visitors who come to Woodstock each season to enjoy the hospitality of the art center.

The building is one of the oldest frame houses in the village of Woodstock and dates back to the 1880's. The Nook does not now stand on its original site but was moved to its present location prior to the time Mr. Neher purchased it in 1922 and opened the original ice cream parlor there. It is said that the building served once as a livery stable when the leather tannery was located in town and at that time the building was owned by Irving Riseley.

When Mr. Neher first bought the premises he renovated it and at first it was used as a meeting place for the Woodstock Club. A Woodstock library, with R. R. Whitehead as the instigator for the movement, was also established there and at one time the Boy Scouts also used the building for a meeting place.

Senators Stand Pat

Washington, May 24 (AP)—Senate conferees today stood pat against any more major concessions to the House in drafting the final version of legislation imposing strict legal curbs on labor unions. Although most of the big differences between the House and Senate bills still exist, Senator Taft (R-Ohio) said he expects an agreement by next Wednesday. Taft, head of the Senate conference delegation, said this would permit the compromise bill to come up for ratification in House and Senate about June 2. The conferees go back into session next Tuesday.

Will Welcome Probe

New York, May 24 (AP)—City Welfare Commissioner Edward E. Rhatigan says the State Department of Social Welfare's announced investigation of the activities of his department is "fine with me." Rhatigan said at a news conference yesterday that he would "welcome" the probe by a three-member committee, ordered after revelation that 37 relief families had been put in expensive hotel quarters because of the housing shortage. Apartments had been found for the last of the 37 families, the commissioner stated.

Mrs. Truman Weakens

Grandview, Mo., May 24 (AP)—President Truman became more anxious and perturbed today as his 94-year-old mother weakened perceptibly. While his personal physician would not go beyond the assertion that Mrs. Martha E. Truman's condition was "unchanged," Mr. Truman said she was growing "a little weaker." He has abandoned all thought of returning to Washington in view of the gravity of her case.

Priority Violations Charged

Herzog Is Notified Work Underway Considered Violation and Must Be Stopped

Fullers Continue

Similar Orders Issued for Other Projects in Locality

Several construction projects in the city and apparently others in the county have been halted, it was learned today as the result of recent inspections by agents of the Office of Housing Expediter.

Both renovation and new construction projects have been affected by order of the agents on charges that owners are violating housing priority provisions set up in a federal act which is due to expire June 30 unless it is extended.

Typical of orders issued was that received by Matthew H. Herzog in a telegram this morning following recent inspection of the agents of renovations underway at the large Herzog store, 9 North Front street.

The owner of the store said that he had been notified that the work underway was considered a violation and that a penalty would be imposed unless he ceased work on the project.

To Show Authorization

Herzog claims that he had been proceeding with the belief that the work being done was no violation. He has checked with O.H.E. at 350 Fifth avenue, New York, he said, and is prepared to show papers intended to authorize the work on the North Front street building.

The local merchant said he had been informed that hearings are being held in New York on such claims as his and he will make application to prove his claim that the cost of any one type of material used on the project does not exceed $500, a limit stipulated in the federal law.

Herzog said this morning that the only possible violations that could be back of the order to cease construction are the use of concrete and brick for a small rear extension and a brick veneer over part of the frame building which was once the Mitchell House hotel.

He was doubtful as to whether

Annapolis Vacancy On List; Le Fevre Has Applications

Congressman Jay LeFevre of New Paltz announces that his office will have a vacancy to the United States Naval Academy at Annapolis in 1948 for legal residents of the 30th Congressional District of New York state, including Ulster county.

On Monday, July 21, 1947, the United States Civil Service Commission will conduct at Kingston, Poughkeepsie, and other first- or second-class postoffices, a preliminary qualifying examination for nominations to fill this vacancy. There is no vacancy for West Point for 1948.

All candidates must be, in order to apply to Congressman LeFevre, (1) citizen of the United States; and (2) bona-fide resident of the 30th Congressional District. They must be unmarried, physically fit, and not less than 17 years of age or more than 21 years of age on April first of the calendar year in which they enter the Naval Academy unless they have had one year of honorable active military service, in which case they must not have reached their 23rd birthday on date of entrance.

Those young men who believe they meet the above requirements should write immediately to Congressman Jay LeFevre, U.S. House of Representatives, Washington, D.C., for an application blank and information pamphlet. There will be only one competitive examination before the nominations are made and in order to be notified to appear for the July 21 examination, application blank must be on file in the office of Congressman LeFevre not later than June 2, 1947.

Only those who have filed application blanks and who receive proper authorization from Congressman LeFevre will be permitted to take the examination to fill the vacancy for the 30th Congressional District.

Acheson replied that no such issue has been raised.

Asked whether the U. S. program is being delayed by failure of President Truman to find an administrator for Greece, Acheson said he knew of no delay yet but that the man must be named soon.

He said the Americans who will handle the aid should start for Greece in the next week or so.

District Votes to Keep Flatbush School Open

The residents of School District 16, Town of Saugerties, voted by a large majority to keep the school at Flatbush open for the 1947-48 semester at a special meeting held this week. The vote was taken after a motion was made to that effect.

A motion to send pupils of the eighth grade to the Myron J. Michael School in Kingston also was passed by the voters. Residents later acted favorably upon the question of installing toilets in the school.

Before the meeting adjourned residents of the district voted in favor of presenting a token of appreciation to Mrs. Phoebe Dimmler who has taught school 23 years in the district. The presentation will take place at the graduation exercises Thursday, June 19.

Renew Paula Welden Hunt

Bennington, Vt., May 24 (AP)—One hundred picked searchers today began combing 24-square miles of mountains in a renewed hunt for Paula Welden, 18-year-old Bennington College sophomore, who disappeared last December. The pretty daughter of a Stamford, Conn., industrial engineer vanished while hiking toward trails leading to Glastenbury and Bald Mountains. The searchers planned to rake trails and slopes of both mountains which were the scenes of several futile hunts shortly after the girl disappeared.

Maritime Demands

New York, May 24 (AP) — The C.I.O. National Maritime Union yesterday presented 39 ship owning and operating companies on the Atlantic and Gulf coasts with a 64-page document listing demands to be included in a new contract, and a union spokesman said he felt negotiations for the new pact "can be concluded by June 15," the date the present contract expires. Listed among the demands are "substantial wage increases, a 40-hour week and six weeks annual vacation with pay."

Gets Transfusion, Malaria

Philadelphia, May 24 (AP)—A seven-month-old Philadelphia boy has contracted Tertian malaria from a blood transfusion given by a war veteran who served in the Pacific, the city health department reports.

Progress Reported By Volunteers for July Convention

Indications Are County Companies Will Be Well Represented at Port Ewen

At an enthusiastic meeting to elaborate on plans for the 12th annual convention of the Ulster County Volunteer Firemen's Association, President Edward Mains urged a large gathering in the Connelly firehouse to act as missionaries in stressing the importance of the organization.

The convention is scheduled for three days in Port Ewen, July 24, 25 and 26, with companies from the Esopus Fire District acting as hosts — Connelly, Port Ewen, Esopus, Rifton and St. Remy.

In his talk to the volunteers, President Mains outlined the duties and responsibilities of the firemen and asked that each one present impress upon home owners that volunteers are on call 24 hours a day to protect life and property.

Wilson LeFever, chairman of the convention committee, pointed out that interest displayed by various fire departments throughout the county indicates that every one of them will be represented at the convention.

Reports on Progress

Harry Van Ormer, chairman of the program committee, reported that the response of the advertisers for the program journal was progressing rapidly, and requested that if any advertiser was missed, he could send his listing direct to Edward Mains, at Port Ewen.

Edgar Mauer and Harry Secor reported that completed arrangements for the decorations would be made by the next meeting.

Ed McKinney was made chairman of the refreshment committee and will be assisted by Joe Dulin, Edgar Mauer, Charles Lawler and all the members of the Connelly Fire Department.

Charles Elmendorf, chairman of entertainment, reported that he has arranged for a special carnival on June 14 at Rifton, including dancing, refreshments and all the fun that goes with a carnival. He further reported that this is only one of the other social functions being planned in each fire district in conjunction with the Auxiliaries to help raise the necessary funds to make the Ulster County Volunteer Firemen's convention an outstanding success.

Next Meeting June 5

It was decided that the next meeting be held on June 5 at Rifton Fire Department. This is in line with the plan of rotating meetings to each fire district in order to create more of a local in-

Damages Pump, Will Pay

Victor Baer of Palm Beach, Fla., attempted to turn around at the Wilson Garage in Woodstock last evening and in so doing struck one of the gas pumps in front of the Louis Wilson Garage, knocking over the pump. Mr. Baer told Trooper Ray Dunn of Lake Katrine later that when he turned around he heard a slight noise behind his car but did not believe any damage had been done so he drove on. Trooper Dunn located Baer at the Irvington Hotel later and after informing Baer of the damage, an agreement was made to make good for the damage. There was no arrest.

Wool Protection Labeled Knockout To World Trade

Cooley Says Truman Must Veto Measure Unless House Clause Is Revised

By ALEX H. SINGLETON

Washington, May 24 (AP)—A House vote to give American wool producers increased tariff was described by opponents today as a possible knocking blow for the 18-nation international trade conference in Geneva.

Rep. Cooley (D-NC) told newsmen President Truman will have "no other choice" than a veto unless the measure extending a wool price support program one year from next December 31, is revised by a House-Senate conference.

As the measure passed the Senate, it called for government support payments to domestic wool growers through the Commodity Credit Corporation equal to the 1946 level.

But the House yesterday added a clause in effect directing the chief executive to order the Tariff Commission to increase the present import levy of 34 cents a pound for clean, raw wool if imports threaten to undercut the support program.

If turned thumbs down to make that protective clause inoperative if it affected present or future international agreements.

If the bill becomes law, the American delegation at Geneva will be unable to write any agreements involving lower barriers here for importation of wool.

Undersecretary of State Will Clayton returned home recently for consultation. The Australian delegate also went home for "new instructions."

Coley produced a letter from Clayton during the debate yesterday saying:

"If the proposed amendment providing new import barriers is adopted, the moral leadership of the United States will suffer a serious blow.

"If at this time, when we are actually negotiating with other countries at Geneva for the lowering of trade barriers, we raise new barriers as this bill proposes, we stand convicted of insincerity.

"Wool is a critical item in our current negotiations for an international trade organization for the expansion of world trade and employment. Although wool raising accounts for less than one half of one percent of our agricultural income, it is very important to world trade."

New Star Found

Pasadena, Calif., May 24 (AP)—Maybe you can't see it, but a new star has been found in the constellation Sagittarius. It's 20 times fainter than anything visible to the naked eye, but Mt. Wilson Observatory's Dr. Leonard Joy said it showed up on a spectrum-photographic plate. Dr. Joy said the star, classed as a ninth magnitude nova about 1,000 light years distant, was a "minor discovery."

Want New Government

Rome, May 24 (AP)—Alcide De-Gasperi, who resigned as Italy's premier 11 days ago, announced today that he had been asked to form a new government, his fourth since the end of the war.

Ives' Fight to Cut Labor Powers Wins Favor of Young Republicans

By HENRY LEADER

Schroon Lake, N. Y., May 24 (AP)—The fight of U. S. Senator Irving M. Ives to soften the proposed federal law to curb the powers of labor unions won support today from New York Young Republicans and a declaration by Governor Dewey that the G.O.P. was "big enough to hold the widest variety of views."

Endorsement of Ives' views on labor legislation, which have been criticized severely behind the scenes by Republican county leaders upstate, was contained in a platform submitted to the 15th annual convention of the State Association of Young Republican Clubs for expected approval at its closing session late today.

The convention platform committee adopted the program unanimously last night, shortly before Dewey implicitly scotched reports that he had split with Ives because of the senator's efforts to "liberalize" provisions of the pending labor-restricting legislation.

In the same hall where Ives himself will speak tonight to the Young Republicans, the governor said the G.O.P. was "the only party untainted with the evils of totalitarianism of either the right or the left."

"Ours is also a party big enough to hold the widest variety of views. There are all kinds of liberals and all kinds of conservatives and all kinds of middle-of-the-roaders in our party.

"And so long as they are good Americans and loyal to the Constitution and devoted to the Bill of Rights, we welcome them."

Points of view clash during discussions of party leaders on proposed legislation, the governor conceded, but "we sit down and work out the compromises which result in sound, constructive programs for the benefit of all the people."

"You will not find the doctrinaire in the group," he declared. "You will find able, open-minded, honest men of earnest convictions and broad knowledge of the government. They respect each other and they welcome new viewpoints."

Dewey maintained that "for those who love the institutions of free government and who are willing to accept responsibility for helping to preserve them," there was "one clear choice. That choice is the Republican party."

It is the only party in this state, he asserted, "which has not sunk to bargaining public offices for the support of the enemies of our society."

He said the G.O.P. held particular appeal for young people, who, he added, were realizing that it had become 'the only party of responsible government."

He described the Democratic party as a "one great political party" that had degenerated "to sheer demagoguery" and "betrayed the people of the whole state."

The closing day's program of the two day convention included a luncheon address by Gov. Ernest W. Gibson of Vermont and after-dinner speeches by Ives, State Senator Walter J. Mahoney of Buffalo, and Glen R. Bedenkapp, Republican state chairman.

The Nook in Woodstock Was Sold on Friday

Harry O. Velsor and M. W. Halterman Buy Famous Village Restaurant

Friday one of the most important recent real estate transactions involving Woodstock real property was consummated when The Nook, famous cafeteria and restaurant in the village, was sold by Adam and Ester Maria Graver to Harry O. Velsor and Millard W. Halterman, former Queens Village residents. The transaction was handled through the law offices of Martin F. Comeau, 254 Fair street, Mr. Comeau representing the sellers.

Messrs. Velsor and Halterman intend to continue the business in the same manner as it has been conducted since 1931 when it was purchased from George Neher, who in 1922 had acquired the premises and conducted it as an ice cream parlor until he sold it to the Gravers.

While Messrs. Velsor and Halterman have been residents of Queens Village, Long Island, they are no strangers in the village of Woodstock, having visited Woodstock annually for the past 20 years where they spent their vacations at the George W. Riseley home. Mr. Halterman will make his permanent residence in Woodstock, having purchased the Trippico property at Montoma.

The new purchasers took immediate possession of The Nook on closing title Friday and business was not even suspended during the period of negotiations. It is the intention of the new owners to continue the business in the same successful manner that it has been conducted during the sixteen-year period of ownership by the Graver interests and Messrs. Velsor and Halterman expressed their hope that the same spirit of good-will would continue under their management.

The Nook has long been a popular place for local people to dine and also for the many summer visitors who come to Woodstock each season to enjy the hospitality of the art center.

The building is one of the oldest frame houses in the village of Woodstock and dates back to the 1880's. The Nook does not now stand on its original site but was moved to its present location prior to the time Mr. Neher purchased it in 1922 and opened the original ice cream parlor there. It is said that the building served once as a livery stable when the leather tannery was located in town and at that time the building was owned by Irving Riseley.

When Mr. Neher first bought the premises he renovated it and at first it was used as a meeting place for the Woodstock Club. A Woodstock library, with R. R. Whitehead as the instigator for the movement, was also established there and at one time the Boy Scouts also used the building for a meeting place.

New York Woman Will Run Maverick Theatre for Season

Woodstock, May 24—Captain Cornelius Vander Loo of Woodstock has leased the Maverick Theatre for the summer months to Miss Jean Pearson of the Neighborhood Theatre of New York city.

The company of 13 is expected to arrive in Woodstock Thursday and will make their home with Captain and Mrs. Vander Loo.

Although no definite program has been lined up for the coming summer months the company is expected to open during the third week in June, it was announced.

In readiness for the coming theatre program, the Maverick Theatre has been undergoing several changes including the installation of 10 fire extinguishers.

The leasing of the Woodstock theatre to Miss Pearson carries out the policy started by Captain Vander Loo's father and Hervie White who initiated the idea of limiting the theatre to various artistic people. The tradition is still being carried out in order to help ambitious artists make a definite start in that profession.

The program for the coming months is expected to be announced at a future date.

Officers Hunting Truck That Struck Automobile

Local police and the sheriff's office today were attempting to determine ownership and the name of the driver of a truck which struck an auto and turned it completely around on the Boulevard near the entrance of the Tuberculosis Hospital shortly after 4 p. m. Friday.

Edward Smythe of 19 Clarendon avenue, who reported the accident, said that his auto after it was struck by the truck, came in contact with two other cars in its unusual spin on the road. This phase of the accident, he said, resulted in no damage nor personal injuries.

The truck was described as a black ¾-ton type with white lettering on the side. According to the police report, its driver was thought to be intoxicated.

Officers Earl Schoonmaker and James Burns investigated for the local police.

Boost Capehart

Indianapolis, May 24 (AP)—Republican U. S. Senator Homer E. Capehart today was asked to become immediately "an active candidate for the office of president of the United States." The request was contained in an "open letter" signed by G.O.P. leaders, public officials and persons prominent in professional, business, agricultural and veterans affairs in Lawrence county, home of Senator William E. Jenner (R-Ind.).

Tanker Fire Reported

Deal, England, May 24 (AP)—The 10,441-ton American tanker Newhall Hills reported by radio today that two of her tanks had blown out and that crewmen were fighting a fire raging in her forward section as the vessel drifted near treacherous Goodwin Sands.

Senators Stand Pat

Washington, May 24 (AP)—Senate conferees today stood pat against any more major concessions to the House in drafting the final version of legislation imposing strict legal curbs on labor unions. Although most of the big differences between the House and Senate bills still exist, Senator Taft (R-Ohio) said he expects an agreement by next Wednesday. Taft, head of the Senate conference delegation, said this would permit the compromise bill to come up for ratification in House and Senate about June 2. The conferees go back into session next Tuesday.

Will Welcome Probe

New York, May 24 (AP)—City Welfare Commissioner Edward E. Rhatigan says the State Department of Social Welfare's announced investigation of the activities of his department is "fine with me." Rhatigan said at a news conference yesterday that he would "welcome" the probe by a three-member committee, ordered after revelation that 37 relief families had been put in expensive hotel quarters because of the housing shortage. Apartments had been found for the last of the 37 families, the commissioner stated.

Mrs. Truman Weakens

Grandview, Mo., May 24 (AP)—President Truman became more anxious and perturbed today as his 94-year-old mother weakened perceptibly. While his personal physician would not go beyond the assertion that Mrs. Martha E. Truman's condition was "unchanged," Mr. Truman said she was growing "a little weaker." He has abandoned all thought of returning to Washington in view of the gravity of her case.

Priority Violations Charged

Herzog Is Notified Work Underway Considered Violation and Must Be Stopped

Fullers Continue

Similar Orders Issued for Other Projects in Locality

Several construction projects in the city and apparently others in the county have been halted, it was learned today as the result of recent inspections by agents of the Office of Housing Expediter.

Both renovation and new construction projects have been affected by order of the agents on charges that owners are violating housing priority provisions set up in a federal act which is due to expire June 30 unless it is extended.

Typical of orders issued was that received by Matthew H. Herzog in a telegram this morning following recent inspection of the agents of renovations underway at the large Herzog store, 9 North Front street.

The owner of the store said that he had been notified that the work underway was considered a violation and that a penalty would be imposed unless he ceased work on the project.

To Show Authorization

Herzog claims that he had been proceeding with the belief that the work being done was no violation. He has checked with O.H.E. at 350 Fifth avenue, New York, he said, and is prepared to show papers intended to authorize the work on the North Front street building.

The local merchant said he had been informed that hearings are being held in New York on such claims as his and he will make application to prove his claim that the cost of any one type of material used on the project does not exceed $500, a limit stipulated in the federal law.

Herzog said this morning that the only possible violations that could be back of the order to cease construction are the use of concrete and brick for a small rear extension and a brick veneer over part of the frame building which was once the Mitchell House hotel.

He was doubtful as to whether

Annapolis Vacancy On List; Le Fevre Has Applications

Congressman Jay LeFevre of New Paltz announces that his office will have a vacancy to the United States Naval Academy at Annapolis in 1948 for legal residents of the 30th Congressional District of New York state, including Ulster county.

On Monday, July 21, 1947, the United States Civil Service Commission will conduct at Kingston, Poughkeepsie, and other first- or second-class postoffices, a preliminary qualifying examination for nominations to fill this vacancy. There is no vacancy for West Point for 1948.

All candidates must be, in order to apply to Congressman LeFevre, (1) citizen of the United States; and (2) bona-fide resident of the 30th Congressional District. They must be unmarried, physically fit, and not less than 17 years of age or more than 21 years of age on April first of the calendar year in which they enter the Naval Academy unless they have had one year of honorable active military service, in which case they must not have reached their 23rd birthday on date of entrance.

Those young men who believe they meet the above requirements should write immediately to Congressman Jay LeFevre, U.S. House of Representatives, Washington, D.C., for an application blank and information pamphlet. There will be only one competitive examination before the naminations are made and in order to be notified to appear for the July 21 examination, application blank must be on file in the office of Congressman LeFevre not later than June 2, 1947.

Only those who have filed application blanks and who receive proper authorization from Congressman LeFevre will be permitted to take the examination to fill the vacancy for the 30th Congressional District.

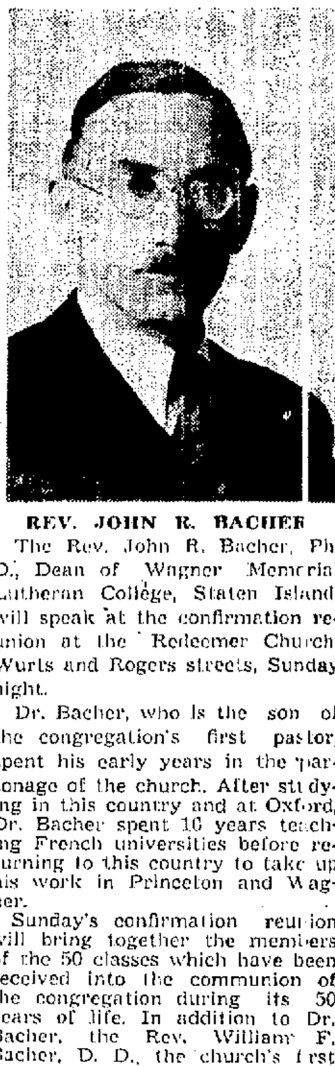
To Speak Here



REV. JOHN R. BACHER

The Rev. John R. Bacher, Ph. D., Dean of Wagner Memorial Lutheran College, Staten Island, will speak at the confirmation reunion at the Redeemer Church, Wurts and Rogers streets, Sunday night.

Dr. Bacher, who is the son of the congregation's first pastor, spent his early years in the parsonage of the church. After studying in this country and at Oxford, Dr. Bacher spent 10 years teaching French universities before returning to this country to take up his work in Princeton and Wagner.

Sunday's confirmation reunion will bring together the members of the 50 classes which have been received into the communion of the congregation during its 50 years of life. In addition to Dr. Bacher, the Rev. William F. Bacher, D. D., the church's first pastor, who confirmed the first class of confirmands, will attend. Following vespers the roll of the classes will be called and the pastor, the Rev. David C. Gaise, will read messages from absentees. Refreshments will be served later by the Ladies' Aid and Missionary Society.

In addition to the reunion which is a part of the congregation's golden anniversary celebration, the members and out-of-town guests will receive the Sacrament of Holy Communion Sunday morning and will then attend the anniversary banquet Monday night at the municipal auditorium.

Baptismal Service Planned At First Baptist Church

A baptismal service will be held in the First Baptist Church Sunday morning at 10:30 o'clock. The Rev. Justin D. Field will conduct the opening devotional service, with the Rev. Edward V. Winder, pastor, speaking on "Baptism" and administering the ordinance of baptism.

Members of the board of deacons and the board of deaconesses will assist in the service. Appropriate anthems will be sung by the sanctuary and temple choirs under the direction of Mrs. Lester E. Decker and Mrs. Edward Winder. A soprano solo, "The Prayer Perfect," by Speaks, will be sung by Miss Ruth Palen.

During the church school assembly at 12 noon, Charles L. Arnold, superintendent, will post the final seal on the 10-point denominational Achievement Chart for 100% efficiency in Christian Education for the fiscal year.

Approximately 20 officers and members of the Senior Christian Endeavor Society will meet at the church at 12:30 p. m. for an automobile trip to New York city. The group will attend the evening service and the Youth Fellowship meeting in the Calvary Baptist Church.

Religious Radio Programs

Under the auspices of the Kingston Ministerial Association and in cooperation with Station WKNY, the following programs of Christian faith and life will be broadcast during the coming week:

The morning service of worship Sunday, 11 to 12 o'clock, from the First Presbyterian Church. The pastor, the Rev. William J. McVey, will preach on "The Wind and Fire of Pentecost."

Each day, Monday through Friday, 8:45 a. m., the morning devotions will be conducted by the following ministers, as indicated: Monday, the Rev. J. Dean Dykstra of the Fair Street Reformed Church; Tuesday, the Rev. Orson Rice of the Catskill Methodist Church; Wednesday, the Rev. Ernest L. Witte of Immanuel Lutheran Church; Thursday, the Rev. Herbert Killinder of Trinity Methodist Church; Friday, the Rev. David C. Gaise of the Lutheran Church of the Redeemer. Saturday, at the same hour, the Sunday school lesson for the following day will be presented by the Rev. B. C. Schmidt of the Stone Ridge Methodist Church.

Communion Breakfast

The Holy Name Society of St. Francis de Sales parish of Phoenicia will hold its annual communion breakfast at the Waldorf Hotel Sunday morning after the 9 o'clock Mass. Attorney Thomas Plunkett of Kingston will be the main speaker. A large attendance is expected.

Movies to Feature Special Comforter Service Sunday

A special service will be held at Reformed Church of the Comforter, Wynkoop Place, Sunday evening at 7:30 o'clock sponsored by the Missionary Society, the Wiltwyck Guild, and the Fidelis Society of the church.

Two excellent sound motion pictures will be shown including "The World We Want to Live In," released through the National Conference of Christians and Jews. It deals with the vital problems of race tensions in this country and abroad. The second film, "Seeds of Destiny," is sponsored by the Church World Service. This picture has been highly praised wherever it has been shown. It is intensely realistic in its portrayal of conditions in post-war Europe.

The three societies sponsoring the pictures constitute the women's missionary organizations of the church. The Missionary Society, under the leadership of Mrs. Frank Elmendorf, was the first of these groups organized. The Wiltwyck Guild was started in 1936 for the young adults of the church, and has as its president, Mrs. Edgar Tymeson. The Fidelis Society was organized more recently for the younger girls of the church. Miss Nancy Barnum is the president of this group.

The public is invited to attend this service which is of real importance to those who are concerned about the problems facing the church and the world today.

County Evangelical Group Plans Monthly Meeting

The regular monthly meeting of the Ulster County Evangelical Fellowship will be held Monday, June 2, at the Assemblies of God Tabernacle, corner Franklin and Fair streets.

The business session will convene at 2:30 o'clock and the afternoon speaker, the Rev. Charles Kegerize, pastor of the Christian and Missionary Alliance Church, will speak at 3:30 o'clock.

The evening service will be held at 7:30 o'clock. The Rev. William Conklin, visiting evangelist from New Jersey, will be the guest speaker.

A general invitation is extended to the public to attend the services.

Advance Made in Packaging

By GAYNOR MADDOX
NEA Staff Writer

Here's something to remember when planning your Decoration Day picnic. New packaging technique now makes it possible to can foods with separate and distinct flavors within the same tin can. One packer has introduced a can of wieners containing a separate bag of barbecue sauce. The bag is made of pliofilm. The wieners and sauce may be heated separately or together when taken from the can. This innovation permits canned foods to retain their original distinctive flavors, which are often lost when foods are merged and blended in the canning process.

Beef on the Increase

Like beef steak? Then smile, for there's a lot more coming. Like pork chops? Then learn to be patient, for there won't be any increase in supply until November when the spring crop from this years starts to market.

There are about 200 thousand more beef cattle in feed lots today than a year ago. These cattle are dieting on grain and concentrated feeds and will produce higher quality beef. You'll find a lot more good and choice grades than you did this time last year.

Lamb and mutton production will be under last year's. And the pork situation won't be what a hungry man likes until later in the year. The prices will stay up until then, too. So order a beef steak, instead.

More Plentifuls Join the List

Canned peas, tomato juice, sauerkraut and cottage cheese have joined the list of plentiful foods for this month. The acreage and production of peas for canning and freezing reached an all-time high in 1946.

More tomatoes were canned as juice in 1946 than in any other way. There were nearly 29 million cases of it. The seasonal increase in milk production means more cottage cheese a reasonable price in comparison with other protein foods.

Wieners and barbecue sauce are put up in the same can.

MONDAY'S MENU

BREAKFAST: Stewed fruit, ready-to-eat cereal, scrambled eggs, enriched toast, butter or fortified margarine, marmalade, coffee, milk.

LUNCHEON: Cold sliced kidney loaf, potato salad, sliced tomatoes, soft rolls, butter or fortified margarine, fruit cookies, tea, milk.

DINNER: Tomato bouillon cold sliced turkey, creamed potatoes with chives, steamed artichokes with melted butter or Hollandaise sauce, enriched bread, butter or fortified margarine, radishes and celery, strawberry cake (made of baker's sponge cake rings), whipped cream, coffee, milk.

BUILD

A Home That Grows

Building a home is a long-time proposition. It must be planned to suit your family now and to serve their changing needs, too.

As the children grow up, for example, they will require quiet study space and a room for giving parties, and so on. And what if a parent is obliged to share your home? Will your whole scheme of living be upset—or will your expanding home gracefully take these changes in its stride?

It's up to you. If expansion plans are made at the time the house is designed, it's much more economical than haphazardly adding on later. You can plan to expand sideways by the addition of a wing or upward by finishing the attic. The latter method is cheaper because no structural work is needed—only finishing. If you can afford it, install attic wiring, heating and plumbing at time house is built.

Further details about planning, building and financing small homes are found in Reader Service booklet No. 15. Has dozens of floor plans, photos and helpful hints.

Red Cross Will Continue Service To Vets, Families

The Ulster County Chapter of the American Red Cross announces that it will continue the program of service extended to servicemen and their dependents and make it's specialized service available to veterans and their dependents during the transition from military service to civilian life. The Home Service worker will help the veteran in solving his personal and family problems, in providing financial assistance, with his claim for government benefits, and in referral to other agencies in the community. Chapters have close ties with the Red Cross field directors at Veterans Administration offices, whereby special assistance is made available in presenting and prosecuting claims for pensions and other benefits.

The Red Cross has trained staff members in the central office of the Veterans Administration in Albany to assist veterans with their claims for government benefits. These specialists have access to Veterans Administration records and are able to give chapter workers advice on the type of evidence needed in completing claims cases. They also appear before the Veterans Adminstration rating boards and the Board of Veterans Appeals to present evidence in veterans' cases. It is their responsibility to expedite action and to assist in obtaining all the benefits to which a veteran and his family may be eligible.

Red Cross workers have the latest data on government regulations and legislation affecting veterans and their families. A constant flow of information from national and area office of the Red Cross keeps the field and chapter workers abreast of changes and development regarding veteran's benefits.

Veterans needing temporary financial assistance will find Red Cross ready to help, pending receipt of their government benefits. If a veteran and his family need financial aid outside the scope of Red Cross assistance, the chapter worker can put him in touch with the proper resources in his community. The chapter works closely with other agencies which provide services to meet the special needs of the veteran.

If the veteran has not filed application for government benefits, the chapter worker will assist him in doing so. If he wishes, the Red Cross will accept the responsibility of representing him as long as necessary in prosecuting his claim. Help in collecting evidence and such documents as birth certificates and marriage licenses, notary public services, interpretation of decisions and instructions from the Veterans Administration, all these and more are available to the veteran who calls on Red Cross for assistance.

To Speak Here

REV. JOHN R. BACHER

The Rev. John R. Bacher, Ph. D., Dean of Wagner Memorial Lutheran College, Staten Island, will speak at the confirmation reunion at the Redeemer Church, Wurts and Rogers streets, Sunday night.

Dr. Bacher, who is the son of the congregation's first pastor, spent his early years in the parsonage of the church. After studying in this country and at Oxford, Dr. Bacher spent 10 years teaching French universities before returning to this country to take up his work in Princeton and Wagner.

Sunday's confirmation reunion will bring together the members of the 50 classes which have been received into the communion of the congregation during its 50 years of life. In addition to Dr. Bacher, the Rev. William F. Bacher, D. D., the church's first pastor, who confirmed the first class of confirmands, will attend.

Following vespers the roll of the classes will be called and the pastor, the Rev. David C. Gaise, will read messages from absentees. Refreshments will be served later by the Ladies' Aid and Missionary Society.

In addition to the reunion which is a part of the congregation's golden anniversary celebration, the members and out-of-town guests will receive the Sacrament of Holy Communion Sunday morning and will then attend the anniversary banquet Monday night at the municipal auditorium.

Baptismal Service Planned At First Baptist Church

A baptismal service will be held in the First Baptist Church Sunday morning at 10:30 o'clock. The Rev. Justin D. Field will conduct the opening devotional service, with the Rev. Edward V. Winder, pastor, speaking on "Baptism" and administering the ordinance of baptism.

Members of the board of deacons and the board of deaconesses will assist in the service. Appropriate anthems will be sung by the sanctuary and temple choirs under the direction of Mrs. Lester E. Decker and Mrs. Edward Winder. A soprano solo, "The Prayer Perfect," by Speaks, will be sung by Miss Ruth Palen.

During the church school assembly at 12 noon, Charles L. Arnold, superintendent, will post the final seal on the 10-point denominational Achievement Chart for 100% efficiency in Christian Education for the fiscal year.

Approximately 20 officers and members of the Senior Christian Endeavor Society will meet at the church at 12:30 p. m. for an automobile trip to New York city. The group will attend the evening service and the Youth Fellowship meeting in the Calvary Baptist Church.

Religious Radio Programs

Under the auspices of the Kingston Ministerial Association and in cooperation with Station WKNY, the following programs of Christian faith and life will be broadcast during the coming week:

The morning service of worship Sunday, 11 to 12 o'clock, from the First Presbyterian Church. The pastor, the Rev. William J. McVey, will preach on "The Wind and Fire of Pentecost."

Each day, Monday through Friday, 8:45 a. m., the morning devotions will be conducted by the following ministers, as indicated: Monday, the Rev. J. Dean Dykstra of the Fair Street Reformed Church; Tuesday, the Rev. Orson Rice of the Catskill Methodist Church; Wednesday, the Rev. Ernest L. Witte of Immanuel Lutheran Church; Thursday, the Rev. Herbert Killinder of Trinity Methodist Church; Friday, the Rev. David C. Gaise of the Lutheran Church of the Redeemer. Saturday, at the same hour, the Sunday school lesson for the following day will be presented by the Rev. B. C. Schmidt of the Stone Ridge Methodist Church.

Communion Breakfast

The Holy Name Society of St. Francis de Sales parish of Phoenicia will hold its annual communion breakfast at the Waldorf Hotel Sunday morning after the 9 o'clock Mass. Attorney Thomas Plunkett of Kingston will be the main speaker. A large attendance is expected.

Movies to Feature Special Comforter Service Sunday

A special service will be held at Reformed Church of the Comforter, Wynkoop Place, Sunday evening at 7:30 o'clock sponsored by the Missionary Society, the Wiltwyck Guild, and the Fidelis Society of the church.

Two excellent sound motion pictures will be shown including "The World We Want to Live In," released through the National Conference of Christians and Jews. It deals with the vital problems of race tensions in this country and abroad. The second film, "Seeds of Destiny," is sponsored by the Church World Service. This picture has been highly praised wherever it has been shown. It is intensely realistic in its portrayal of conditions in post-war Europe.

The three societies sponsoring the pictures constitute the women's missionary organizations of the church. The Missionary Society, under the leadership of Mrs. Frank Elmendorf, was the first of these groups organized. The Wiltwyck Guild was started in 1936 for the young adults of the church, and has as its president, Mrs. Edgar Tymeson. The Fidelis Society was organized more recently for the younger girls of the church. Miss Nancy Barnum is the president of this group.

The public is invited to attend this service which is of real importance to those who are concerned about the problems facing the church and the world today.

County Evangelical Group Plans Monthly Meeting

The regular monthly meeting of the Ulster County Evangelical Fellowship will be held Monday, June 2, at the Assemblies of God Tabernacle, corner Franklin and Fair streets.

The business session will convene at 2:30 o'clock and the afternoon speaker, the Rev. Charles Kegerize, pastor of the Christian and Missionary Alliance Church, will speak at 3:30 o'clock.

The evening service will be held at 7:30 o'clock. The Rev. William Conklin, visiting evangelist from New Jersey, will be the guest speaker.

A general invitation is extended to the public to attend the services.

Advance Made in Packaging

By GAYNOR MADDOX
NEA Staff Writer

Here's something to remember when planning your Decoration Day picnic. New packaging technique now makes it possible to can foods with separate and distinct flavors within the same tin can. One packer has introduced a can of wieners containing a separate bag of barbecue sauce. The bag is made of pliofilm. The wieners and sauce may be heated separately or together when taken from the can. This innovation permits canned foods to retain their original distinctive flavors, which are often lost when foods are merged and blended in the canning process.

Beef on the Increase

Like beef steak? Then smile, for there's a lot more coming. Like pork chops? Then learn to be patient, for there won't be any increase in supply until November when the spring crop from this years starts to market.

There are about 200 thousand more beef cattle in feed lots today than a year ago. These cattle are dieting on grain and concentrated feeds and will produce higher quality beef. You'll find a lot more good and choice grades than you did this time last year.

Lamb and mutton production will be under last year's. And the pork situation won't be what a hungry man likes until later in the year. The prices will stay up until then, too. So order a beef steak, instead.

More Plentifuls Join the List

Canned peas, tomato juice, sauerkraut and cottage cheese have joined the list of plentiful foods for this month. The acreage and production of peas for canning and freezing reached an all-time high in 1946.

More tomatoes were canned as juice in 1946 than in any other way. There were nearly 29 million cases of it. The seasonal increase in milk production means more cottage cheese a reasonable price in comparison with other protein foods.

Wieners and barbecue sauce are put up in the same can.

MONDAY'S MENU

BREAKFAST: Stewed fruit, ready-to-eat cereal, scrambled eggs, enriched toast, butter or fortified margarine, marmalade, coffee, milk.

LUNCHEON: Cold sliced kidney loaf, potato salad, sliced tomatoes, soft rolls, butter or fortified margarine, fruit cookies, tea, milk.

DINNER: Tomato bouillon cold sliced turkey, creamed potatoes with chives, steamed artichokes with melted butter or Hollandaise sauce, enriched bread, butter or fortified margarine, radishes and celery, strawberry cake (made of baker's sponge cake rings), whipped cream, coffee, milk.

A Home That Grows

Building a home is a long-time proposition. It must be planned to suit your family now and to serve their changing needs, too.

As the children grow up, for example, they will require quiet study space and a room for giving parties, and so on. And what if a parent is obliged to share your home? Will your whole scheme of living be upset—or will your expanding home gracefully take these changes in its stride?

It's up to you. If expansion plans are made at the time the house is designed, it's much more economical than haphazardly adding on later. You can plan to expand sideways by the addition of a wing or upward by finishing the attic. The latter method is cheaper because no structural work is needed—only finishing. If you can afford it, install attic wiring, heating and plumbing at time house is built.

Further details about planning, building and financing small homes are found in Reader Service booklet No. 15. Has dozens of floor plans, photos and helpful hints.

Send 25c (coin) for "Small Homes: Planning, Financing, Building" to The Kingston Daily Freeman, Reader Service, 243 West 17th St., New York 11, N. Y. Print name, address, booklet title and No. 15.

Red Cross Will Continue Service To Vets, Families

The Ulster County Chapter of the American Red Cross announces that it will continue the program of service extended to servicemen and their dependents and make it's specialized service available to veterans and their dependents during the transition from military service to civilian life. The Home Service worker will help the veteran in solving his personal and family problems, in providing financial assistance, with his claim for government benefits, and in referral to other agencies in the community. Chapters have close ties with the Red Cross field directors at Veterans Administration offices, whereby special assistance is made available in presenting and prosecuting claims for pensions and other benefits.

The Red Cross has trained staff members in the central office of the Veterans Administration in Albany to assist veterans with their claims for government benefits. These specialists have access to Veterans Administration records and are able to give chapter workers advice on the type of evidence needed in completing claims cases. They also appear before the Veterans Adminstration rating boards and the Board of Veterans Appeals to present evidence in veterans' cases. It is their responsibility to expedite action and to assist in obtaining all the benefits to which a veteran and his family may be eligible.

Red Cross workers have the latest data on government regulations and legislation affecting veterans and their families. A constant flow of information from national and area office of the Red Cross keeps the field and chapter workers abreast of changes and development regarding veteran's benefits.

Veterans needing temporary financial assistance will find Red Cross ready to help, pending receipt of their government benefits. If a veteran and his family need financial aid outside the scope of Red Cross assistance, the chapter worker can put him in touch with the proper resources in his community. The chapter works closely with other agencies which provide services to meet the special needs of the veteran.

If the veteran has not filed application for government benefits, the chapter worker will assist him in doing so. If he wishes, the Red Cross will accept the responsibility of representing him as long as necessary in prosecuting his claim. Help in collecting evidence and such documents as birth certificates and marriage licenses, notary public services, interpretation of decisions and instructions from the Veterans Administration, all these and more are available to the veteran who calls on Red Cross for assistance.

GIRL SCOUT NEWS

May Day

Bad weather necessitated the transfer of the Girl Scout May Day, Sunday, from the grounds of the convent of St. Ursula to St. Peter's Church. However, about 200 scouts and adults representing 11 troops—eight from Kingston, two from Port Ewen and one from Rosendale—took part in the ceremony. The procession was directed by the Rev. Henry E. Herdegen, moderator of St. Peter's troops. Edna Fisk, Troop 45, Port Ewen, crowned Our Lady. She was attended by the following members of Our Lady's Court: Yolanda Modica, Troop 40; Josephine Ambrose, Troop 3; Esther Geary, Troop 23; all of Kingston; Margaret Garrett, Troop 64, Rosendale, and Kathryn Maurer, Troop 51, Port Ewen. A short talk on Our Lady was given by the Rt. Rev. Msgr. Stephen P. Connelly, moderator of St. Joseph's troops and benediction was given by Rev. Joseph A. Geis, pastor of St. Peter's. Music for the entire ceremony was provided by Miss Anne A. Goldrick, organist at St. Peter's.

Camp Registration

Registrations from Girl Scouts outside Ulster county and from girls who are not scouts within the county are being received. Any girls planning to go to Camp Wendy are advised to register as soon as possible at Girl Scout headquarters, 43 Crown street, either personally or by mail.

There are still a few vacancies for intermediate scouts and the 14 to 18 year group from Ulster county. Registrations should be made as soon as possible.

RETURN ADDRESS PERMISSIBLE

The confusion expressed in the following letter is shared by many: (1) "What about putting a return address on the envelope of wedding invitations and announcements? This I understood was not correctly done up to the time of the war. Then we were asked by the post office to use them, since so many people were moving continually to new places. But what is again accepted as the proper way? (2) Could a return address on a wedding announcement possibly suggest an address for sending a present?"

(1) A return address on a wedding invitation does not look well, but since the government requests a return address on the face of all first-class letters, adding a small sticker with your return address on any invitations where there is doubt of the accuracy of address certainly would be reasonable. (2) No, because an announcement of itself carries no possible suggestion of a present.

Mourning at Delayed Funeral

Dear Mrs. Post: What shall I, the mother, wear at the funeral services of my son who was killed overseas several years ago and whose body now is being brought home? We were discouraged during the war from wearing black that suggested mourning and so I never did. Now I wonder what I and my daughters should do. Go into mourning?

Answer: The effect produced by going into mourning now would be very distressing. It would be best, I think, to wear the most inconspicuous clothes you have. No one could criticize your following your own feelings, whatever these may be.

Long-Sleeved Dinner Dress

Dear Mrs. Post: I am the wife of the next president of a large organization and when my husband will be installed (at a dinner and dance) I should wear a dinner dress. But I'm worried about how I am going to look in a dress that is sleeveless or even almost so. You see, my arms and hands are very unattractive. Is there a dinner dress that could have sleeves, fairly covering ones, at that?

Answer: With the fashions of the moment permitting every imaginable style, your dressmaker should be able to solve your problem by designing a dress with long sleeves of a type becoming to you.

Young Women

Young Employed Women's activities are proving popular in the Y.W.C.A. this spring. This group is now called the R.W.A. Club. Every Tuesday night there is something special doing. Two teams play softball on the M.J.M. diamond from 6:30 until 8 o'clock. Young women are urged to join a team or organize a team of their own to play against one of the existing teams. For those who do not wish such a strenuous sport, there is badminton in the "Y" yard or ping pong, darts, duck-pins, card games, at the "Y". A co-ed dance is held every other Satuday night and frequent hikes and picnics.

At a meeting of the Live Y'ers and M.J.M. Club Tuesday afternoon, plans were made for a fashion show of summer clothes for teen agers sponsored by the two clubs in cooperation with several stores in Kingston. The show has been scheduled for Friday, June 13, at the Y.W.C.A. Many of the girls from the two clubs will model different types of summer clothing loaned for the occasion by the sponsoring stores. Tickets will be sold by the girls to parents, friends and students.

Elections were held Friday at the Co-ed Y-Teen Club. Representatives were elected to serve on the council, the governing body of the group. This council is composed of 16 boys and girls who are club members. Their meetings are held on alternate Wednesday afternoons at the Y.W.C.A. Members of the old council will count the ballots at their meeting Wednesday, at which time representatives for the summer months will be announced. There will be no dance Friday, May 30, because of the Memorial Day holiday.

MRS. THOMAS FAIRBANKS

Gale Feeley Wed To Thomas Fairbanks; To Live in Belgium

Miss Gale Feeley, daughter of Mr. and Mrs. John Feeley, Woodstock, was married to Thomas Fairbanks, son of Prof. and Mrs. Viktes Fuchs of New York city, May 16. The ceremony was performed in Baltimore, Md.

Mrs. Fairbanks was graduated from Kingston High School in 1944 and has been modeling for wholesale, retail and commercial photo-fashions.

Mr. Fairbanks studied at Emperor Franz Josef Akadamie, Vienna; Hudson School for Boys; Michigan State College and was graduated from Harrisburg Academy. He served in World War 2 with the Military Intelligence department in Europe.

Mr. Fairbanks will leave for Belgium Wednesday where he will be connected with his uncle in an importing and exporting firm. Mrs. Fairbanks plans to follow shortly.

GIRL SCOUT NEWS

May Day

Bad weather necessitated the transfer of the Girl Scout May Day, Sunday, from the grounds of the convent of St. Ursula to St. Peter's Church. However, about 200 scouts and adults representing 11 troops—eight from Kingston, two from Port Ewen and one from Rosendale—took part in the ceremony. The procession was directed by the Rev. Henry E. Herdegen, moderator of St. Peter's troops. Edna Fisk, Troop 45, Port Ewen, crowned Our Lady. She was attended by the following members of Our Lady's Court: Yolanda Modica, Troop 40; Josephine Ambrose, Troop 3; Esther Geary, Troop 23; all of Kingston; Margaret Garrett, Troop 64, Rosendale, and Kathryn Maurer, Troop 51, Port Ewen. A short talk on Our Lady was given by the Rt. Rev. Msgr. Stephen P. Connelly, moderator of St. Joseph's troops and benediction was given by Rev. Joseph A. Geis, pastor of St. Peter's. Music for the entire ceremony was provided by Miss Anne A. Goldrick, organist at St. Peter's.

Camp Registration

Registrations from Girl Scouts outside Ulster county and from girls who are not scouts within the county are being received. Any girls planning to go to Camp Wendy are advised to register as soon as possible at Girl Scout headquarters, 43 Crown street, either personally or by mail.

There are still a few vacancies for intermediate scouts and the 14 to 18 year group from Ulster county. Registrations should be made as soon as possible.

Baptist Couples Celebrate First Club Anniversary

Couples' Club of First Baptist Church celebrated its first anniversary Wednesday evening with a covered dish supper served in the dining room of the church. Tables were decorated with lighted candles and a large birthday cake with one candle for the centerpiece. The Rev. Edward V. Winder, pastor of the church, offered a prayer of thanksgiving and asked the blessing.

There were 26 present at this meeting. Following the supper, a report of the membership totaled 50 members. The club was organized May 2, 1946 with Erwin E. Craw as president.

The following officers will serve for the coming year: Mrs. Chester Greene, president; Mrs. Vernon Huston, vice president; Herbert Jones, secretary and the Rev. Justin Field, treasurer.

Good Taste Today

RETURN ADDRESS PERMISSIBLE

The confusion expressed in the following letter is shared by many: (1) "What about putting a return address on the envelope of wedding invitations and announcements? This I understood was not correctly done up to the time of the war. Then we were asked by the post office to use them, since so many people were moving continually to new places. But what is again accepted as the proper way? (2) Could a return address on a wedding announcement possibly suggest an address for sending a present?"

(1) A return address on a wedding invitation does not look well, but since the government requests a return address on the face of all first-class letters, adding a small sticker with your return address on any invitations where there is doubt of the accuracy of address certainly would be reasonable. (2) No, because an announcement of itself carries no possible suggestion of a present.

Mourning at Delayed Funeral

Dear Mrs. Post: What shall I, the mother, wear at the funeral services of my son who was killed overseas several years ago and whose body now is being brought home? We were discouraged during the war from wearing black that suggested mourning and so I never did. Now I wonder what I and my daughters should do. Go into mourning?

Answer: The effect produced by going into mourning now would be very distressing. It would be best, I think, to wear the most inconspicuous clothes you have. No one could criticize your following your own feelings, whatever these may be.

Long-Sleeved Dinner Dress

Dear Mrs. Post: I am the wife of the next president of a large organization and when my husband will be installed (at a dinner and dance) I should wear a dinner dress. But I'm worried about how I am going to look in a dress that is sleeveless or even almost so. You see, my arms and hands are very unattractive. Is there a dinner dress that could have sleeves, fairly covering ones, at that?

Answer: With the fashions of the moment permitting every imaginable style, your dressmaker should be able to solve your problem by designing a dress with long sleeves of a type becoming to you.

Correct forms for notes of acceptance, regret, thanks, congratulations and condolence are found in Mrs. Post's booklet, No. 502, "The Etiquette of Letter Writing."

Y.W.C.A. News

Young Women

Young Employed Women's activities are proving popular in the Y.W.C.A. this spring. This group is now called the R.W.A. Club. Every Tuesday night there is something special doing. Two teams play softball on the M.J.M. diamond from 6:30 until 8 o'clock. Young women are urged to join a team or organize a team of their own to play against one of the existing teams. For those who do not wish such a strenuous sport, there is badminton in the "Y" yard or ping-pong, darts, duck-pins, card games, at the "Y". A co-ed dance is held every other Satuday night and frequent hikes and picnics.

At a meeting of the Live Y'ers and M.J.M. Club Tuesday afternoon, plans were made for a fashion show of summer clothes for teen-agers sponsored by the two clubs in cooperation with several stores in Kingston. The show has been scheduled for Friday, June 13, at the Y.W.C.A. Many of the girls from the two clubs will model different types of summer clothing loaned for the occasion by the sponsoring stores. Tickets will be sold by the girls to parents, friends and students.

Elections were held Friday at the Co-ed Y-Teen Club. Representatives were elected to serve on the council, the governing body of the group. This council is composed of 16 boys and girls who are club members. Their meetings are held on alternate Wednesday afternoons at the Y.W.C.A. Members of the old council will count the ballots at their meeting Wednesday, at which time representatives for the summer months will be announced. There will be no dance Friday, May 30, because of the Memorial Day holiday.

TALK PEACE, NOT WAR

There is too much talk about war, and not enough about peace, said former Secretary of State James F. Byrnes when he received the 1946 award for making the world a better place. This award is given annually by Variety International, an association of actors.

Without sacrificing fundamental principles, statesmen must negotiate for peace without aiming at "perfectionism in this imperfect world," said Mr. Byrnes. He added that if war comes it will be not because the people want it, but because of the incapacity of those in control of governments. He called on both the United States and Russia to realize that neither can dictate the peace, nor achieve peace through a take-it-or-leave-it attitude.

Byrnes, while admitting that there were difficulties in the way of peace for the world, emphasized that be believed such difficulties could be overcome.

The nation knows Mr. Byrnes is no idle dreamer, but a man with experience and knowledge gained the hard way. It is heartening to have realistic and constructive peace talk from a man of this calibre.

Somehow it is hard to get sympathetic over the troubles of motorists who have been buying new cars in a black market, and now are having a time to get the clear titles which they need for their license plates.

ATOMIC IMPROVEMENTS

The next war weapon, they say, will be the "atomic cloud", operating in a radio-active mist and at a great height, thereby doing its devilish work more secretly and effectively than by the usual bombing procedure. As for sweetness and light, such qualities may be left for the angels.

Perhaps it is a good idea to rub such horrors into the consciousness of normal human beings. In that way, if any, there is still some chance of awakening mankind before it is too late.

Really, such matters deserve more attention than they are getting in this present Year of Our Lord. Perhaps it would be a good time to paraphrase those lines of Cardinal Wolseley's in Shakespeare's Henry VIII:

> "Had we but worked for peace with half the zeal
> We worked for war, we would not now be left
> In this, our age, naked unto our enemies."

* * *

The greatest unifier in the world today is baseball, and eventually even Russia will probably adopt it. That may not bring universal peace, but it will make life in general much more interesting.

WOMEN'S PARTY

A political party composed of women only will be formed in 20 years, says Mrs. Kenneth B. Strayer, president of the New York State Federation of Women's Clubs. As women are said to own 70 per cent of the nation's wealth, spend 85 per cent of the income and buy over 80 per cent of consumer's goods, their claims to running the United States acceptably cannot be lightly dismissed.

One practical objection suggests itself: how many women would vote for a ticket composed exclusively of other women?

* * *

Some Americans are saying they hope they won't have to get tough with Russia; and by the same token some Russians are doubtless saying they hope they won't have to get tough with us Americans.

TURNABOUT FOR TEACHER

More than 450 faculty members of Brooklyn University, Brooklyn, N. Y., are to be "evaluated" by the 8,000 students in a study conducted by the sociology department of Rutgers University, Brunswick, N. J. The Brooklyn students will fill out questionnaires in which they will rate their instructors as to organization of subject matter, speaking ability to explain, encouragement to thinking, knowledge of subject, attitude toward subject and students, fairness in examinations, tolerance, and last, as to how they stand as human beings. The study is being financed by the Carnegie Corporation.

All this may be a bit hard on the poor teachers. Yet they will have to admit that turnabout now and then is fair play. And of course there is the off chance that something really valuable may be unearthed about ways to improve classroom techniques. He is a poor critic who cannot take criticism of himself.

How many drivers really believe the sign "Slippery When Wet?"

'These Days'

By George E. Sokolsky

BE CAREFUL!

You can call Herbert Hoover, Tom Dewey, Bob Taft, or anybody else, a Fascist. Nothing happens when you do that but I wonder what the Governor of North Carolina would do to the Governor of South Carolina, if one called the other a Republican. There are limits to what can be said about a public man.

I have known politicians to smile when they were called crooks, to get a merry twinkle in their eyes when they were denounced as grafters. I have even known them to refer to each other in those delectable Anglo-Saxon terms which no gentleman takes without a smile. But when the same politicians are called Communists or Reds, they flare up as though someone had discovered their right name.

It is all a matter of fashion. There was a time when everybody wanted to be known as a liberal. Definitions were offensive of course, because what was one man's liberalism was another man's poison. For instance, Fiorella La Guardia was one of America's deepest-dyed liberals. But it was his Police Department, which he personally managed as Mayor of New York, that sent an under-cover crew into all sorts of organizations to spy on them. That has just come out after a long secrecy. When Himmler did that in Germany it was denounced as the worst form of Fascistic depravity. Here it is liberalism.

It is liberal and good manners to denounce a man for being a stooge, a tool, a front for the N.A.M., even if he dislikes the N.A.M. For instance, the Hartley-Taft Labor Bill is being widely described as an N.A.M. bill in spite of the fact that the N.A.M. had as much to do with it as you or I. True, there has been some boastful N.A.M. advertising to give the impression of achievement where there is none. If, however, you attack a Senator as being under C.I.O. pressures, even if true, it is an offensive accusation which he resents. Is he ashamed of that association?

The greatest crime of all is to call a man a Communist even if every public act shows him to be one. You have to be careful about that. You can call him a dope but not a Communist even if you can quote him head on as supporting every twist and twirl of the Communist line. Some try the subterfuge of saying that he is pro-Communist which is no go, because that is still disgraceful and humiliating. He might sue for millions of dollars of damages. You might say that he loves Stalin more than Truman, which is his constitutional privilege, or that the Kremlin is a better headquarters than the White House, which is a matter of taste. But you cannot say he is a Communist unless you have a copy of his party card.

The other day, I saw a piece which used a phrase, "The Hoover-Truman-Vatican Policy." You can say that about anybody. But it is troublesome to suggest that anybody, even if you can put the words in parallel columns, speaks the Kremlin-Third International line. That defames the poor bloke.

I think this is all to the good. If people are proud of their causes, they are not ashamed of them. No man sues for libel if he is described, let us say, as a Christian. But there are suits going these days for calling men Communists. That's fine. That means that they are ashamed of that association. That means that it has become a disgrace, an insult, a humiliation, to be called a Communist. Nothing could be better for this country.

How helpful it would be to these fashionable gad-abouts, if all records could be burned; if the petitions they signed and the letters they wrote, and the letterheads on which their names appeared could be destroyed. What a relief it would be to them if all the speeches that were ghosted for them and the books that were written for them could be expunged. Unfortunately, there are collectors of such trivia who occasionally check on the facts and call a spade by its name. When the revolution comes, it will be a felony to own such collections.

MEDICINE TO PLEASE PATIENT

Some years ago during an epidemic of a mild form of influenza, a busy city physician stated that he had visited 60 patients the previous day. I asked him what treatment he had given for this illness which, while causing some prostration, apparently was not dangerous. "I see the patient is comfortable, that a good nurse or attendant is present. If they are my regular patients, I give them no medicine because they know I would give it if it were needed. Where the patient is a stranger, I see that the nursing is efficient and prescribe a pill or powder to be taken regularly, the said pill or powder being just a placebo."

What is a placebo?

"A placebo is an epithet given to any medicine adopted more to please than benefit the patient."

While it is recognized that medicine should not be prescribed to relieve symptoms until the patient has been examined (except the pain of a severe burn or cancer), it is some times necessary to raise the patient's morale because he "demands" attention be given to relieve his real or imaginary symptoms.

In the "Transactions of the College of Physicians," Philadelphia, Dr. O. H. Pepper, Professor of Medicine, University of Pennsylvania, states that often a physician is forced to prescribe some medicine for a patient before any diagnosis has been reached. This is done especially when the patient is ignorant and does not understand that the nature of the illness must be found before treatment can be given. Other patients are displeased if no medicine is given on the first visit.

Also, while making necessary tests—blood, urine, sputum, X-rays, and others—no medicine can be given lest it interfere with the test. Yet the patient must be encouraged by treatment. "None of this is necessary if the patient and family are sufficiently intelligent."

The physician may quite properly give a placebo to a high-strung, nervous patient where the examination increases blood pressure and heart rate. The placebo reduces tension.

Constipation

It has been estimated that there are more persons with constipation than there are without it. For information on this subject, send today for Dr. Barotn's helpful booklet entitled "Constipation." To obtain it, just send 10 cents and a 3-cent stamp, to cover cost of handling and mailing, to The Bell Syndicate, in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. tended advancing the date is meaningless from a financial standpoint, but Chairman Bridges (R.-N.H.) of the Senate Appropriations Committee argued the sum may be lopped off the 1948 budget total, since President Truman had listed it among his spending estimates for next year.

Still to be reported by the House Appropriations Committee are supply bills for the War Department, army engineers and such independent offices as the Veterans Administration.

Where Cuts Were Aimed

Deepest cuts in the agricultural bill yesterday were aimed at the farm tenant, soil conservation, school lunch and crop insurance programs.

The committee refused to authorize any money for soil conservation payments for the 1948 crop year and cut $117,620,754 from the $267,620,754 requested by the President for this year.

It trimmed the school lunch funds from $75,000,000 to $45,000,000, withheld all funds for new farm tenant loans, and ordered the crop insurance program cut down to "experimental" size with a suggestion it ought to be liquidated.

The overall cut was the largest since the House chopped 45 per cent from the Interior Department's money last month, an action not yet approved by the Senate.

Negro, but there has been no outbreak in the charged quiet.

Bush was charged with attempting to rape Mrs. Margaret Allen Byrant a stenographer, in Rich Square a small community about 12 miles from here, Thursday night.

She Wasn't Sure

He was identified by three high school boys who gave chase when Mrs. Bryant screamed. Police Chief Frank Outland of Rich Square said the young woman was unable to identify the Negro. Outland said Bush admitted being at the scene of the alleged assault but denied attempting to molest Mrs. Bryant. Outland said Bush told him he was waiting for "my girl friend."

Jailer E. W. Edwards said Bush was seized by about half a dozen masked men, all armed with guns, who knocked on the door of the jail in the early morning hours.

HIGHLAND

Highland, May 24—The annual spring concert given by students in the high school included Junior High Boys' Glee Club, Junior High Mixed Chorus, Mixed Chorus, Girls' Glee Club and the band. The program consisted of 26 numbers and the vocal numbers were directed by Miss Shirley Sharrock, music instructor in the school and by Earl Foote and Max Arnold for the band. It was considered the best concert in a long time. Those taking part were: J. Di Antania, Marilyn Dimsey, Louis Taranta, James Phillips, Patricia Gaffney, Anthony Giangrasse, Rosemary Lordi, Richard Cusa, Betty Keeler, J. Gorman, Patricia Taylor, Grace Brucklacher, Paula Coutant, Charlotte Gaffney, Harold DuBois, Albert Marcello, Louis Werner, John Blakely, William Kurtz, Clarence Patrick, Margery Cook, Thomas Giangrasso, Anna Valenti, Paul Cusa, Leonard Ciaccio, Lucille Anzevina, William Kirk, Joan Pampinella, Loretta Relyea, Louis Sneider, Shirley Walters, Virginia Lilts, Ledgard Ball, Carol Clarke, Daniel Corwin, Katherine Patrick, Geraldine Rinaude, Louis Taranta, Dorothy Beckvermitt, Jeanine Connor, Nellie Dimsey, Raymond Minard, Marie Phillips, Rose Scimeca, Ralph Tortorella, Betty Jean Scott, D. the quantity of concrete used constituted a violation and he explained that the brick was purchased from a yard which has not been in operation recently.

The project, he said, calls for no plumbing, only four pieces of pipe for heating purposes and eight drop lights in electrical installations.

It was learned also that a similar order had been issued to stop construction on the Martin and Moran garage and display room building.

It was reported today that no official order had been received from the O.H.E. on the Grand street Ruzzo project, but it was reported unofficially that work there had been or would be stopped.

The agents also had inspected construction underway at the Fuller Shirt factory on Pine Grove avenue, but Clarence S. Rowland, president of the Fuller Shirt Company, Inc., which operates the plant, said this morning that he was operating under a C.P.A. permit and was given no order to stop work by the O.H.E. agents.

It was understood also that an order had been issued to stop construction of a small concrete garage in the Town of Esopus. It is believed that similar orders were given elsewhere in the county, but they have not been reported to date.

Fire Chief Joseph L. Murphy reported earlier this week that the agents had inspected local building permit records.

It is understood that all those who have been given orders to stop construction will be called upon to seek priority permits.

Taft Indicates Truman May Get Only 'Half Loaf'

Washington, May 24 (AP)—Senator Taft (R-Ohio) indicated today that Congressional Republicans may give President Truman only half a loaf—the extension of export authority—in dealing with his request for continuation of some wartime controls.

The President has asked Congress to continue for a year authority to regulate the importation of such items as fats, oils and rice among food products. He sought retention of allocation controls over tin, manila, cordage, antimony, cinchona bark and quinine.

Taft, who heads the Senate Republican Policy Committee, told a reporter that while he wants to reserve final decision until he has studied the President's request further, he is inclined to believe the time has come when import controls can be dropped.

The President said in his message yesterday this country must take steps to "make certain that we do not add to the hunger of other peoples by importing more than our agreed share of scarce foods."

Taft said he wants to hear the evidence on this point but remains to be convinced that imports will be greatly increased by an end to the controls.

The President asked for both import and export controls over fertilizer as well as priorities with which to obtain needed industrial materials and machinery to complete some projects abroad.

The President's request for continued controls over fertilizer recalled a recent assertion by former President Herbert Hoover that Europe is "gasping" for fertilizer. Hoover condemned Allied destruction of German munition-making plants, which, he said, are capable of turning out badly needed fertilizer.

McKellar Ill

Washington, May 24 (AP)—Senator McKellar (D-Tenn.) was removed from the Senate office building to the Bethesda, Md., Naval Hospital today after he suffered a fainting spell. Office aides described McKellar's illness as a "light attack, about like he has had before," and said they did not believe he is in serious condition.

Johns Hopkins and Maryland Students Stage Big Fracas

Baltimore, May 24 (AP)—Embattled students of Johns Hopkins University fought off 250 invaders from the University of Maryland with sticks, stones, fists and fire hoses early today in a fracas umpired by 200 policemen.

Eleven of the battlers wound up in jail on disorderly conduct charges. Magistrate Reuben Caplan reprimanded them after a hearing but dismissed them all in ample time to be on hand when the starting whistle blows for a "crooshul" lacrosse game at College Park this afternoon.

Objective in the battle was a 400-pound bronze terrapin which Hopkins students swiped off the Maryland campus early yesterday in reprisal for a paint-daubing raid a few hours earlier on Hopkins buildings and sidewalks in mid-town Baltimore.

Both sides still are holding hostages, a couple of dozen on both sides sported shaved heads as their badge of battle, and the terrapin still was secreted at Hopkins.

The invasion from College Park was not unexpected. Hopkins students had ribbed up barbed wire barricades at their dormitories and rounded up a batch of soap chips to suds down corridors so the attackers would have slippery footing.

"We shoulda had bananas," a Hopkins field general lamented.

A dozen city patrolmen were already on hand when "the word" circulated at 2:10 a. m. that a caravan of 25 cars piled high with the "enemy" was on the way to Baltimore with a State Police escort.

Ten bluecoats from each of Baltimore's eight police districts were summoned by radio to reinforce the ranks. When the task force arrived from College Park, more were summoned.

The melee on the Hopkins campus lasted an hour and a half before police reported it was "under control." No one got hurt.

Maryland's in-and-out lacrosse team is the only barrier between undefeated Hopkins and the Wingate trophy, symbol of the Intercollegiate Lacrosse Association's national championship.

Fingerprints Indicate Body That of Lagana

New York, May 24 (AP)—The body of a man recovered from the East River four days ago was described by police today as apparently that of Anthony Lagana, who has been sought as an important witness in the fatal Election Day beating of Joseph Scottoriggio.

The body, badly decomposed, according to police, finally yielded a set of fingerprints which police said tallied with those of Lagana, a former election district captain for Representative Vito Marcantonio.

Lagana was lest seen December 11 at the office of District Attorney Frank S. Hogan where he appeared in answer to a subpoena for questioning in the death of Scottoriggio, a Republican worker for anti-Marcantonio forces.

Scholarship Winners Announced by K. of C.

Jamestown, N. Y., May 24 (AP)—The New York State Council of the Knights of Columbus today announced eight winners of a scholarship contest in which 1,439 high school graduates competed through examinations.

Each will receive $800 at the rate of $200 annually for attendance at any Catholic college in the United States.

They are Richard T. Vineski, Elmira; Jerome F. Weber, Utica; Eloise A. Diflo, Brooklyn; William J. Haflin, Liberty; Edward T. Di Corcia, Richmond Hill, L. I.; Patrick M. Walsh, The Bronx; Georginne B. Wilkes, Byron, and Elizabeth F. Lenz, Long Island City.

Hunt Missing Occupants

Panama, May 24 (AP)—Ground rescue parties and patrol planes hunted for the missing occupants of a U. S. Army B-17, which caught fire over a Nicaraguan jungle Wednesday night with 15 men aboard. Five men who parachuted from the ship were returned to their Canal Zone base by rescue plane last night from Alamiacamba, Nicaragua.

Local Death Record

Emily Jane Neill died in this city on Friday after a short illness. She was a daughter of the late James and Sarah Kinkade and wife of the late Robert Neill. Surviving is one sister, Mrs. Mary K. Leonard of St. Petersburgh, Fla., and several nieces and nephews. Funeral services will be held from the W. N. Conner Funeral Home, 296 Fair street, Monday at 2 p. m. Burial in Wiltwyck Cemetery.

George J. Meyer, a highly respected resident of Cottekill, died at his home Friday evening, following a long illness. He was well known in Kingston, having been the chef at the Airport Inn for some time. Surviving in addition to his wife, Mary Farmback Meyer, are two daughters, Alphie and Marguerite; and one son, John Meyer, all of Cottekill. The funeral arrangements will be announced later.

Francis H. Roosa died at his residence on the New Salem road, Town of Esopus, Friday night. Funeral will be held from the parlors of A. Carr & Son, 1 Pearl street, Monday afternoon at 2 o'clock. Relatives and friends are invited. Burial will be in the Hurley cemetery. Mr. Roosa is survived by three daughters, Mrs. Warren M. Johnson and Miss Elvina O. Roosa of the Town of Esopus and Mrs. Edward L. Heins of Kingston; 13 grandchildren and six great-grandchildren; and a brother, Tunis O. Roosa of Wilmington, Del. Mr. Roosa was a member of the Port Ewen Reformed Church.

New Ash Truck To Start Making Pickups Monday

A new five-ton Mack truck, Model E.U., of 12-cubic yard capacity for local ash collections is now at the Board of Public Works barn, Ernest A. Steuding, superintendent of Public Works, announced today.

The truck, which is expected to be put into service Monday, is five cubic yards greater in capacity than the trucks now in operation. It has a Gar Wood load-packer which compresses a load considerably below capacity measurements.

Will Fire 'Bad Ones'

New York, May 24 (AP)—Mayor William O'Dwyer, cooperating in the widening investigation of alleged pier and airport irregularities, says he will "get rid" of any appointee who "goes bad." "And if evidence shows that there is reasonable grounds that a crime has been committed, I will give the case to the district attorney," he said at a news conference last night. That will continue to be his "well defined" policy, the mayor said, adding that it applies to both his appointees and holdovers.

Charged With Silver Thefts

New York, May 24 (AP)—A 21-year-old East Side youth who, police said, combined arrangements for his forthcoming marriage with the sale of pieces of silverware stolen from his employer, was arrested last night on a charge of burglary. The arrest of Murray Diamond, of 156 Ridge street, followed a complaint made by Jesse S. Gardner, owner of a silverware shop at 95 Allen street, who, returning after a six-weeks absence, inventoried his goods and discovered the shortage of 175 pieces, ranging from candelabra to wine coolers.

TALK PEACE, NOT WAR

There is too much talk about war, and not enough about peace, said former Secretary of State James F. Byrnes when he received the 1946 award for making the world a better place. This award is given annually by Variety International, an association of actors.

Without sacrificing fundamental principles, statesmen must negotiate for peace without aiming at "perfectionism in this imperfect world," said Mr. Byrnes. He added that if war comes it will be not because the people want it, but because of the incapacity of those in control of governments. He called on both the United States and Russia to realize that neither can dictate the peace, nor achieve peace through a take-it-or-leave-it attitude.

Byrnes, while admitting that there were difficulties in the way of peace for the world, emphasized that be believed such difficulties could be overcome.

The nation knows Mr. Byrnes is no idle dreamer, but a man with experience and knowledge gained the hard way. It is heartening to have realistic and constructive peace talk from a man of this calibre.

Somehow it is hard to get sympathetic over the troubles of motorists who have been buying new cars in a black market, and now are having a time to get the clear titles which they need for their license plates.

ATOMIC IMPROVEMENTS

The next war weapon, they say, will be the "atomic cloud", operating in a radio-active mist and at a great height, thereby doing its devilish work more secretly and effectively than by the usual bombing procedure. As for sweetness and light, such qualities may be left for the angels.

Perhaps it is a good idea to rub such horrors into the consciousness of normal human beings. In that way, if any, there is still some chance of awakening mankind before it is too late.

Really, such matters deserve more attention than they are getting in this present Year of Our Lord. Perhaps it would be a good time to paraphrase those lines of Cardinal Wolseley's in Shakespeare's Henry VIII:

"Had we but worked for peace with half the zeal
We worked for war, we would not now be left
In this, our age, naked unto our enemies."

The greatest unifier in the world today is baseball, and eventually even Russia will probably adopt it. That may not bring universal peace, but it will make life in general much more interesting.

WOMEN'S PARTY

A political party composed of women only will be formed in 20 years, says Mrs. Kenneth B. Strayer, president of the New York State Federation of Women's Clubs. As women are said to own 70 per cent of the nation's wealth, spend 85 per cent of the income and buy over 80 per cent of consumer's goods, their claims to running the United States acceptably cannot be lightly dismissed.

One practical objection suggests itself: how many women would vote for a ticket composed exclusively of other women?

Some Americans are saying they hope they won't have to get tough with Russia; and by the same token some Russians are doubtless saying they hope they won't have to get tough with us Americans.

TURNABOUT FOR TEACHER

More than 450 faculty members of Brooklyn University, Brooklyn, N. Y., are to be "evaluated" by the 8,000 students in a study conducted by the sociology department of Rutgers University, Brunswick, N. J. The Brooklyn students will fill out questionnaires in which they will rate their instructors as to organization of subject matter, speaking ability to explain, encouragement to thinking, knowledge of subject, attitude toward subject and students, fairness in examinations, tolerance, and last, as to how they stand as human beings. The study is being financed by the Carnegie Corporation.

All this may be a bit hard on the poor teachers. Yet they will have to admit that turnabout now and then is fair play. And of course there is the off chance that something really valuable may be unearthed about ways to improve classroom techniques. He is a poor critic who cannot take criticism of himself.

The Solid Fuels Administration for War has been abolished, but the liquid fuels for peace roll right on.

Mother Nature herself seems to be getting jittery lately, but the little old world seems to think she can take it.

How many drivers really believe the sign "Slippery When Wet?"

'These Days'

By George E. Sokolsky

BE CAREFUL!

You can call Herbert Hoover, Tom Dewey, Bob Taft, or anybody else, a Fascist. Nothing happens when you do that but I wonder what the Governor of North Carolina would do to the Governor of South Carolina, if one called the other a Republican. There are limits to what can be said about a public man.

I have known politicians to smile when they were called crooks, to get a merry twinkle in their eyes when they were denounced as grafters. I have even known them to refer to each other in those delectable Anglo-Saxon terms which no gentleman takes without a smile. But when the same politicians are called Communists or Reds, they flare up as though someone had discovered their right name.

It is all a matter of fashion. There was a time when everybody wanted to be known as a liberal. Definitions were offensive of course, because what was one man's liberalism was another man's poison. For instance, Fiorella La Guardia was one of America's deepest-dyed liberals. But it was his Police Department, which he personally managed as Mayor of New York, that sent an under-cover crew into all sorts of organizations to spy on them. That has just come out after a long secrecy. When Himmler did that in Germany it was denounced as the worst form of Fascistic depravity. Here it is liberalism.

It is liberal and good manners to denounce a man for being a stooge, a tool, a front for the N.A.M., even if he dislikes the N.A.M. For instance, the Hartley-Taft Labor Bill is being widely described as an N.A.M. bill in spite of the fact that the N.A.M. had as much to do with it as you or I. True, there has been some boastful N.A.M. advertising to give the impression of achievement where there is none. If, however, you attack a Senator as being under C.I.O. pressures, even if true, it is an offensive accusation which he resents. Is he ashamed of that association?

The greatest crime of all is to call a man a Communist even if every public act shows him to be one. You have to be careful about that. You can call him a dope but not a Communist even if you can quote him head on as supporting every twist and twirl of the Communist line. Some try the subterfuge of saying that he is pro-Communist which is no go, because that is still disgraceful and humiliating. He might sue for millions of dollars of damages. You might say that he loves Stalin more than Truman, which is his constitutional privilege, or that the Kremlin is a better headquarters than the White House, which is a matter of taste. But you cannot say he is a Communist unless you have a copy of his party card.

The other day, I saw a piece which used a phrase, "The Hoover-Truman-Vatican Policy." You can say that about anybody. But it is troublesome to suggest that anybody, even if you can put the words in parallel columns, speaks the Kremlin-Third International line. That defames the poor bloke.

I think this is all to the good. If people are proud of their causes, they are not ashamed of them. No man sues for libel if he is described, let us say, as a Christian. But there are suits going these days for calling men Communists. That's fine. That means that they are ashamed of that association. That means that it has become a disgrace, an insult, a humiliation, to be called a Communist. Nothing could be better for this country.

How helpful it would be to these fashionable gad-abouts, if all records could be burned; if the petitions they signed and the letters they wrote, and the letterheads on which their names appeared could be destroyed. What a relief it would be to them if all the speeches that were ghosted for them and the books that were written for them could be expunged. Unfortunately, there are collectors of such trivia who occasionally check on the facts and call a spade by its name. When the revolution comes, it will be a felony to own such collections.

MEDICINE TO PLEASE PATIENT

Some years ago during an epidemic of a mild form of influenza, a busy city physician stated that he had visited 60 patients the previous day. I asked him what treatment he had given for this illness which, while causing some prostration, apparently was not dangerous. "I see the patient is comfortable, that a good nurse or attendant is present. If they are my regular patients, I give them no medicine because they know I would give it if it were needed. Where the patient is a stranger, I see that the nursing is efficient and prescribe a pill or powder to be taken regularly, the said pill or powder being just a placebo."

What is a placebo?

"A placebo is an epithet given to any medicine adopted more to please than benefit the patient."

While it is recognized that medicine should not be prescribed to relieve symptoms until the patient has been examined (except the pain of a severe burn or cancer), it is some times necessary to raise the patient's morale because he "demands" attention be given to relieve his real or imaginary symptoms.

In the "Transactions of the College of Physicians," Philadelphia, Dr. O. H. Pepper, Professor of Medicine, University of Pennsylvania, states that often a physician is forced to prescribe some medicine for a patient before any diagnosis has been reached. This is done especially when the patient is ignorant and does not understand that the nature of the illness must be found before treatment can be given. Other patients are displeased if no medicine is given on the first visit.

Also, while making necessary tests—blood, urine, sputum, X-rays, and others—no medicine can be given lest it interfere with the test. Yet the patient must be encouraged by treatment. "None of this is necessary if the patient and family are sufficiently intelligent."

The physician may quite properly give a placebo to a high-strung, nervous patient where the examination increases blood pressure and heart rate. The placebo reduces tension.

Constipation

It has been estimated that there are more persons with constipation than there are without it. For information on this subject, send today for Dr. Barotn's helpful booklet entitled "Constipation." To obtain it, just send 10 cents and a 3-cent stamp, to cover cost of handling and mailing, to The Bell Syndicate, in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. tended advancing the date is meaningless from a financial standpoint, but Chairman Bridges (R.-N.H.) of the Senate Appropriations Committee argued the sum may be lopped off the 1948 budget total, since President Truman had listed it among his spending estimates for next year.

Still to be reported by the House Appropriations Committee are supply bills for the War Department, army engineers and such independent offices as the Veterans Administration.

Where Cuts Were Aimed

Deepest cuts in the agricultural bill yesterday were aimed at the farm tenant, soil conservation, school lunch and crop insurance programs.

The committee refused to authorize any money for soil conservation payments for the 1948 crop year and cut $117,620,754 from the $267,620,754 requested by the President for this year.

It trimmed the school lunch funds from $75,000,000 to $45,000,000, withheld all funds for new farm tenant loans, and ordered the crop insurance program cut down to "experimental" size with a suggestion it ought to be liquidated.

The overall cut was the largest since the House chopped 45 per cent from the Interior Department's money last month, an action not yet approved by the Senate.

Body of Negro Is

Negro, but there has been no outbreak in the charged quiet.

Bush was charged with attempting to rape Mrs. Margaret Allen Byrant a stenographer, in Rich Square a small community about 12 miles from here, Thursday night.

She Wasn't Sure

He was identified by three high school boys who gave chase when Mrs. Bryant screamed. Police Chief Frank Outland of Rich Square said the young woman was unable to identify the Negro. Outland said Bush admitted being at the scene of the alleged assault but denied attempting to molest Mrs. Bryant. Outland said Bush told him he was waiting for "my girl friend."

Jailer E. W. Edwards said Bush was seized by about half a dozen masked men, all armed with guns, who knocked on the door of the jail in the early morning hours.

the quantity of concrete used constituted a violation and he explained that the brick was purchased from a yard which has not been in operation recently.

The project, he said, calls for no plumbing, only four pieces of pipe for heating purposes and eight drop lights in electrical installations.

It was learned also that a similar order had been issued to stop construction on the Martin and Moran garage and display room building.

It was reported today that no official order had been received from the O.H.E. on the Grand street Ruzzo project, but it was reported unofficially that work there had been or would be stopped.

The agents also had inspected construction underway at the Fuller Shirt factory on Pine Grove avenue, but Clarence S. Rowland, president of the Fuller Shirt Company, Inc., which operates the plant, said this morning that he was operating under a C.P.A. permit and was given no order to stop work by the O.H.E. agents.

It was understood also that an order had been issued to stop construction of a small concrete garage in the Town of Esopus. It is believed that similar orders were given elsewhere in the county, but they have not been reported to date.

Fire Chief Joseph L. Murphy reported earlier this week that the agents had inspected local building permit records.

It is understood that all those who have been given orders to stop construction will be called upon to seek priority permits.

Taft Indicates Truman May Get Only 'Half Loaf'

Washington, May 24 (AP)—Senator Taft (R-Ohio) indicated today that Congressional Republicians may give President Truman only half a loaf—the extension of export authority—in dealing with his request for continuation of some wartime controls.

The President has asked Congress to continue for a year authority to regulate the importation of such items as fats, oils and rice among food products. He sought retention of allocation controls over tin, manila, cordage, antimony, cinchona bark and quinine.

Taft, who heads the Senate Republican Policy Committee, told a reporter that while he wants to reserve final decision until he has studied the President's request further, he is inclined to believe the time has come when import controls can be dropped.

The President said in his message yesterday this country must take steps to "make certain that we do not add to the hunger of other peoples by importing more than our agreed share of scare foods."

Taft said he wants to hear the evidence on this point but remains to be convinced that imports will be greatly increased by an end to the controls.

The President asked for both import and export controls over fertilizer as well as priorities with which to obtain needed industrial materials and machinery to complete some projects abroad.

The President's request for continued controls over fertilizer recalled a recent assertion by former President Herbert Hoover that Europe is "gasping" for fertilizer. Hoover condemned Allied destruction of German munition-making plants, which, he said, are capable of turning out badly needed fertilizer.

McKellar Ill

Washington, May 24 (AP)—Senator McKellar (D-Tenn.) was removed from the Senate office building to the Bethesda, Md., Naval Hospital today after he suffered a fainting spell. Office aides described McKellar's illness as a "light attack, about like he has had before," and said they did not believe he is in serious condition.

Johns Hopkins and Maryland Students Stage Big Fracas

Baltimore, May 24 (AP)—Embattled students of Johns Hopkins University fought off 250 invaders from the University of Maryland with sticks, stones, fists and fire hoses early today in a fracas umpired by 200 policemen.

Eleven of the battlers wound up in jail on disorderly conduct charges. Magistrate Reuben Caplan reprimanded them after a hearing but dismissed them all in ample time to be on hand when the starting whistle blows for a "crooshul" lacrosse game at College Park this afternoon.

Objective in the battle was a 400-pound bronze terrapin which Hopkins students swiped off the Maryland campus early yesterday in reprisal for a paint-daubing raid a few hours earlier on Hopkins buildings and sidewalks in mid-town Baltimore.

Both sides still are holding hostages, a couple of dozen on both sides sported shaved heads as their badge of battle, and the terrapin still was secreted at Hopkins.

The invasion from College Park was not unexpected. Hopkins students had ribbed up barbed wire barricades at their dormitories and rounded up a batch of soap chips to suds down corridors so the attackers would have slippery footing.

"We shoulda had bananas," a Hopkins field general lamented.

A dozen city patrolmen were already on hand when "the word" circulated at 2:10 a. m. that a caravan of 25 cars piled high with the "enemy" was on the way to Baltimore with a State Police escort.

Ten bluecoats from each of Baltimore's eight police districts were summoned by radio to reinforce the ranks. When the task force arrived from College Park, more were summoned.

The melee on the Hopkins campus lasted an hour and a half before police reported it was "under control." No one got hurt.

Maryland's in-and-out lacrosse team is the only barrier between undefeated Hopkins and the Wingate trophy, symbol of the Intercollegiate Lacrosse Association's national championship.

Fingerprints Indicate Body That of Lagana

New York, May 24 (AP)—The body of a man recovered from the East River four days ago was described by police today as apparently that of Anthony Lagana, who has been sought as an important witness in the fatal Election Day beating of Joseph Scottoriggio.

The body, badly decomposed, according to police, finally yielded a set of fingerprints which police said tallied with those of Lagana, a former election district captain for Representative Vito Marcantonio.

Lagana was lest seen December 11 at the office of District Attorney Frank S. Hogan where he appeared in answer to a subpoena for questioning in the death of Scottoriggio, a Republican worker for anti-Marcantonio forces.

Scholarship Winners Announced by K. of C.

Jamestown, N. Y., May 24 (AP)—The New York State Council of the Knights of Columbus today announced eight winners of a scholarship contest in which 1,439 high school graduates competed through examinations.

Each will receive $800 at the rate of $200 annually for attendance at any Catholic college in the United States.

They are Richard T. Vineski, Elmira; Jerome F. Weber, Utica; Eloise A. Diflo, Brooklyn; William J. Haflin, Liberty; Edward T. Di Corcia, Richmond Hill, L. I.; Patrick M. Walsh, The Bronx; Georginne B. Wilkes, Byron, and Elizabeth F. Lenz, Long Island City.

Hunt Missing Occupants

Panama, May 24 (AP)—Ground rescue parties and patrol planes hunted for the missing occupants of a U. S. Army B-17, which caught fire over a Nicaraguan jungle Wednesday night with 15 men aboard. Five men who parachuted from the ship were returned to their Canal Zone base by rescue plane last night from Alamiacamba, Nicaragua.

Local Death Record

Emily Jane Neill died in this city on Friday after a short illness. She was a daughter of the late James and Sarah Kinkade and wife of the late Robert Neill. Surviving is one sister, Mrs. Mary K. Leonard of St. Petersburgh, Fla., and several nieces and nephews. Funeral services will be held from the W. N. Conner Funeral Home, 296 Fair street, Monday at 2 p. m. Burial in Wiltwyck Cemetery.

George J. Meyer, a highly respected resident of Cottekill, died at his home Friday evening, following a long illness. He was well known in Kingston, having been the chef at the Airport Inn for some time. Surviving in addition to his wife, Mary Farmback Meyer, are two daughters, Alphie and Marguerite; and one son, John Meyer, all of Cottekill. The funeral arrangements will be announced later.

Francis H. Roosa died at his residence on the New Salem road, Town of Esopus, Friday night. Funeral will be held from the parlors of A. Carr & Son, 1 Pearl street, Monday afternoon at 2 o'clock. Relatives and friends are invited. Burial will be in the Hurley cemetery. Mr. Roosa is survived by three daughters, Mrs. Warren M. Johnson and Miss Elvina O. Roosa of the Town of Esopus and Mrs. Edward L. Heins of Kingston; 13 grandchildren and six great-grandchildren; and a brother, Tunis O. Roosa of Wilmington, Del. Mr. Roosa was a member of the Port Ewen Reformed Church.

New Ash Truck To Start Making Pickups Monday

A new five-ton Mack truck, Model E.U., of 12-cubic yard capacity for local ash collections is now at the Board of Public Works barn, Ernest A. Steuding, superintendent of Public Works, announced today.

The truck, which is expected to be put into service Monday, is five cubic yards greater in capacity than the trucks now in operation. It has a Gar Wood load-packer which compresses a load considerably below capacity measurements.

Will Fire 'Bad Ones'

New York, May 24 (AP)—Mayor William O'Dwyer, cooperating in the widening investigation of alleged pier and airport irregularities, says he will "get rid" of any appointee who "goes bad." "And if evidence shows that there is reasonable grounds that a crime has been committed, I will give the case to the district attorney," he said at a news conference last night. That will continue to be his "well defined" policy, the mayor said, adding that it applies to both his appointees and holdovers.

Charged With Silver Thefts

New York, May 24 (AP)—A 21-year-old East Side youth who, police said, combined arrangements for his forthcoming marriage with the sale of pieces of silverware stolen from his employer, was arrested last night on a charge of burglary. The arrest of Murray Diamond, of 156 Ridge street, followed a complaint made by Jesse S. Gardner, owner of a silverware shop at 95 Allen street, who, returning after a six-weeks absence, inventoried his goods and discovered the shortage of 175 pieces, ranging from candelabra to wine coolers.

Maybe in view of the steadily mounting auto toll, the early lawmakers had something on the ball when they ruled that a man with a red flag must always walk in front of a motor car.

Man—My wife treats me like a flat tire.
Friend—You're lucky — mine treats me like a spare.

Neighbor—How is that incubator doing that you bought?
Mrs. Newbride—I suppose it's all right, but I'm a little worried about it. It hasn't laid a single egg yet.

Landlord—What is the complaint?
Tenant—The bathroom faucet won't run; would you mind having the hole in the roof shifted over the tub?

Instead of calling your automobile "The Old Bus" or "Rattle Box", why not give it a real name? A local bird christened his car "Mary" three years ago and she's still a Good Girl.

Joe—Say, mister, your back wheel's going forward.
Sam—That's all right, buddy, I'm on my return trip.

Soph—But I don't think I deserve an absolute zero.
Prof.—Neither do I, but it is the lowest mark that I am allowed to give.

Customer—You're sure one bottle will cure a cold?
Druggist—It must, sir, nobody's ever come back for a second.

Mrs. Smith—Very bad form, I call it, to ring me up during church hours.
Mrs. Jones—Probably she knows you don't go to church.
Mrs. Smith—Very likely; but she might have had the decency to assume that I do.

Veterinary Surgeon—The cow must take a tablespoon of this medicine twice daily.
Farmer—But our cow has no tablespoons. She drinks out of a pail.

A young lady stalled her car at a traffic light one winter day. She stamped on the starter, tried again, choked her engine, while behind her an impatient citizen honked his horn steadily. Finally, she got out and walked back.

"I'm awfully sorry, but I don't seem to be able to start my car," she told the driver of the other car pleasantly. "If you'll go up there and start it for me, I'll stay here and lean on your horn."

Veteran's Corner

Naval Reserve Recruiting

Chief Quartermaster Steve Smith, local navy recruiting agent, reports that his office at the Central Post Office, Room 209, will be open all day today for a concerted drive in conjunction with operations of the Naval Reserve Week recruiting program which officially closes throughout the nation tomorrow.

Smith said that approximately 50 members have given their applications for entry into the Volunteer Naval Reserve locally, and at the next meeting of the group, scheduled for next Thursday, the proposal of an organized Naval Reserve unit in Kingston would be seriously deliberated.

Clarification of Readjustment Allowances

The Veterans Administration recently issued a report to clear up any misunderstanding regarding the eligibility of vets to the $20 weekly readjustment allowance.

The allowance was intended by the Congress as an aid to vets actively seeking employment during their readjustment period.

In order to be eligible, you must be unemployed, able to work and available for work.

These qualifications preclude the possibility of school and college students receiving readjustment allowances merely as substitute government financial aid during the summer when their subsistence payments cease.

Last year many students illegally received R.A.'s during the summer months. In the majority of cases they failed to understand the conditions of eligibility.

It is to curtail the illegal application of that small group of applicants who register while having no intention of finding a job or accepting same when available, that a system of close cooperation has been established in New York state between the State Division of Unemployment Insurance and the V.A.

Through records made available by the V.A., the insurance agency will carefully check these forms of eligibility, and will do its utmost to make certain the weekly allowances are paid only to bona fide applicants.

Abuses of these vets' benefits by a small group, says the V.A., places the entire vets' program in a poor light. By acting to curtail these abuses, the V.A. intends to protect both the vet and the taxpayer.

New Burial Policy

Field installations of the V.A. are beginning to receive numerous inquiries regarding the return of overseas dead to this country for reburial.

Two important points to remember in this regard, says the V.A., are:

(1) The return of bodies to this country is a War Department function. Those interested should refer to the Quartermaster General, War Department, Washington, D. C.

(2) Burial in V.A. cemeteries is now restricted to those who die in V.A. hospitals or homes and whose relatives do not desire burial elsewhere.

The V.A. has only 16 active cemeteries in the country and those are needed for hospital and home burials.

Insurance for World War 1 Vets

The privilege of renewing expiring five-year level-premium term insurance policies for another five-year period has just been granted vets of World War 1, according to the V.A.

No medical examinations will be required, and the same privilege applies to vets of the first World War who have already renewed their term policies for a second, third, fourth or fifth period.

At the same time, World War 1 vets who have no government insurance may now buy it under certain conditions.

All former service men of the first World War are advised to contact the local V.A. office, 286 Fair street, for additional information if they are interested.

Veterans New Facts

Over $34 billion of World War 2 National Service Life Insurance is still in force with the V.A.

Forty-nine dependents of Mexican War vets were still on V.A. pension rolls at the end of 1946.

The V.A. already has guaranteed or insured about 48,000 business loans for vets totaling more than $150,000,000.

The V.A. has allowed nearly 380,000 death claims for over $3.5 billion dollars on National Service Life Insurance policies to date.

Only 85,000 of the 14,000,000 World War 2 vets had exhausted their entitlement to unemployment allowances by the end of last year.

Vets who served in the armed forces during peace time are entitled to V.A. hospital benefits only if they have a service-connected disability.

A monthly average of 47,000 vets filed applications with the V.A. last year to convert their N.S.L.I. to permanent policies.

Finds Royal Pin

New York, May 24 (AP)—Vivian McGill, pretty blonde part-time usherette, had an invitation to call today at the Egyptian royal hotel suite at the Waldorf Astoria Hotel to collect a $100 reward for returning a jewelled pin which Princess Fathia, 17-year-old sister of King Farouk of Egypt, lost at the Broadhurst Theatre.

Beauty Shop Weekly Wage Is Announced as $26

New York, May 24 (AP)—The New York State Beauty Service Minimum Wage Board's recommendations for new minimum wage rates for Beauty Shop operators were announced here yesterday by Industrial Commissioner Edward Corsi.

The scale calls for an hourly rate of 65 cents and a weekly minimum of $26 for full-time employes other than maids, cleaning women and learners in Zone 1, Corsi said. The zone covers New York city and all communities with more than 50,000 population, plus those with more than 15,000 population in Erie, Nassau and Westchester counties.

Full-time employes in the same category in other sections, the wage board recommended, would receive a 58½ cent minimum and a weekly minimum of $23.40.

Other recommendations included:

An hourly minimum for learners of 58½ cents in Zone 1 and 53 cents elsewhere.

Hourly minimum rates for maids and cleaning women of 75 cents in Zone 1 and 67½ cents elsewhere up to 18 hours a week. After 18 hours and up to 35 hours a week, the proposed rates are 58½ and 53 cents.

Overtime hourly rates for 81½ cents after 40 hours and 97½ cents after 44 hours a week for full-time employes in Zone 1, and 73 cents after 40 hours and 88 cents after 44 hours, elsewhere.

65,000 Hairdressers, Barbers Seek Licenses

Albany, N. Y., May 24 (AP)—More than 25,000 barbers and 40,000 hairdressers and cosmetologists have applied for the state licenses which will be required after September 30, Secretary of State Thomas J. Curran said today.

Curran warned that July 1 was the deadline for applications for licenses granted without examination.

He said licenses would be issued without examination to applicants over 17 if they had actually engaged in practice in the state for at least one year within the three-year period ending July 1.

Flashes of Life Sketched in Brief

Los Angeles, May 24 (AP)—Henry T. Ponsford, graduate student of the California Institute of Technology, reported the loss of a briefcase yesterday containing his thesis for a doctor's degree.

He had just completed it after two years' study.

Los Angeles, May 24—Forty-eight years, Frank Fetherolf figures, is better than par in any waiting game.

Fetherolf, 76, a Spanish-American War veteran, yesterday received a discharge travel allowance check for $374.30 covering his homeward passage from the Philippines in 1899.

The payment was made under a new law enacted in 1945.

Clara City, Minn., May 24 (AP)—A reporter for the Clara City Herald, a weekly newspaper, telephoned Mayor John Barney and asked, "any news today, mayor?"

"Yes," shouted Barney. "Hurry! Call the fire department! My house is on fire!"

The reporter relayed the report to the fire department and firemen raced to Barney's home and extinguished a blaze on the roof.

Heated Conversation

New Philadelphia, O., May 24 (AP)—Mrs. Dewey Hoover rushed to her telephone to summon the fire department to her blazing home but two women on the party line refused to surrender the line.

"We've heard that one before," Mrs. Hoover said one of the women told her.

She finally got the fire department but damage to the house was estimated at $1,000.

Methodist Laymen Get Full Voice in Conference

Poughkeepsie, N. Y., May 24 (AP)—The Laymen's Association of the New York Conference of the Methodist Church dissolved yesterday to form two groups, the Lay Members of the Annual Conference and the Board of Lay Activities of the Methodist Church.

Officials said the move, marking the association's 50th anniversary, would give the laymen full membership at the annual conference.

Carl F. Price, secretary of the association for more than 30 years, told the conference about the laymen's struggle for equal representation with ministers in Methodist groups.

The Rev. Burton F. Tarr, pastor of the First Methodist Church at Beacon and superintendent of the Kingston district, and the Rev. John M. Pearson, pastor of the Washington Square Church, New York city, were additional delegates named yesterday to the New York Jurisdictional Conference.

The Rev. Allen E. Claxton, the Rev. Philip S. Watters and the Rev. Alfred H. Coons were named alternates.

The four-day annual conference meeting opened Thursday.

Clark Mains Stops Middletown High With Four-Hitter, 5 to 2

Maroon Ace Whiffs Eight Men; Mike Rienzo Cracks Home Run

Every time Clark Mains steps out on the firing line for Coach Bill Burke's Kingston High School nine he strides a step closer to that select circle of all time Maroon pitching greats.

The phlegmatic blonde who overpowers batters with a finesse seldom seen in a high school hurler turned back Middletown with another classic performance at municipal stadium yesterday, yielding only four hits as Kingston won 5 to 2.

The victory kept the Burkemen in the scrambled race for the DUSO baseball pennant and virtually kayoed the Blue and White.

Mains struck out eight batters, didn't issue a pass and the only legitimate tally charged against him was a home run by Charlie Murray, the Middies' great athlete, to start the seventh. Even then it required liberal scoring to call it a homer since the outfield relay was slightly bungled.

Rienzo Clouts Homer

Mike Rienzo, who had twice failed with runners in scoring position, teed off with a home run to deep left field with two men aboard in the fifth inning to put Kingston ahead 5 to 1 and spoil the afternoon for Herb Thornton, No. 1 Middie flinger.

Kingston squandered a couple of scoring opportunities and showed extreme generosity to hand the Middies a run in the second. Murray who collected two of the four hits doled out by Mains singled to open the second and advanced on a passed ball. Mains fanned Serano and Reed and appeared to be out of danger when DeGroat hit a slow hopper to second where Glaser bobbled it for an error. Murray, running with the pitch, scored all the way from second.

Lay Drives in Run

Kaman walked for the Maroon with two out in the second and Chris Lay promptly chased him across with a line drive double to left field. In the third, Dick Dulin led off with the second of three singles and moved to second on Roe's sacrifice. With Glaser batting something went haywire on a bunt play and Dulin was nailed trying to make third. Glaser promptly followed with a double. Scheffel's double, a passed ball and second baseman DeGroat's miscue gave Kingston a cheapie in the fourth.

There was nothing tainted about the three-run cluster in the fifth. Dulin singled and Roe attempted to sacrifice. Thornton made the play to second and both runners were safe. Glaser advanced them a notch with a well-placed bunt and Rienzo cleared the sacks with a robust wallop that soared over the left fielder's head. It was his second round tripper of the season, both at the expense of the Middies.

Retires 13 in Row

Starting in the second inning, Mains retired 13 batters in succession before Murray tagged him for the home run which good fielding would have kept to a triple. The clout didn't rattle the Maroon ace who came back to snuff out the next three batters.

Bob Ghear, Kingston's rangy first sacker, pulled the fielding gem when he speared Van Gelder's sharp line drive in the third . . . Mains was so effective that the Kingston outfielders had only one chance.

Rain Prevents Parade

Shanghai, May 24 (AP)—Pouring rain dampened Shanghai students' enthusiasm for a scheduled anti-civil war demonstration today, and by early afternoon no paraders had appeared. Police still held five of 16 students—including five co-eds—who were arrested yesterday on charges of agitating for a general strike. The co-eds were among those released.

Kingston Keglers In State Tourney

The final invasion of the state bowling tournament in Syracuse by Kingston squads is due tonight when the Jones Dairy Specials and Van Kleecks roll their 5-man event. Among the keglers scheduled for action are Ad Jones, Larry Weishaupt, Red Sangi, Herb Van Deusen and John MacLellan.

Bettina Victim Of Record Kayo By Lesnevich

New York, May 24 (AP)—Lightheavyweight Champion Gus Lesnevich exploded the heavyweight hopes of southpaw Melio Bettina all over Madison Square Garden's ring last night by flattening the former 175-pound king in 59 seconds of the first round of their scheduled ten-rounder. Lesnevich weighed 179¾; Bettina 190¼.

Teeing off on the Beacon, N. Y., ex-soldier from the opening gong, the blond belter from Cliffside Park, (N.J.) bounced Mello off the deck twice in about half a minute, then dropped him for the third time as the first minute neared its end. Mello rolled over on his back, half out on the apron of the ring, half inside, and Referee Frankie Fullam didn't even bother to count as he called an immediate halt to the proceedings.

It took several minutes for Bettina's handlers, as well as Dr. Vincent Nardiello, state athletic commissioner who was hastily summoned, to bring Melio around.

A crowd of 10,225 contributed to a gross gate of $51,143 to see the fight that was over almost before it started—so quickly, in fact, that old timers said it was the fastest finish to a main event in Garden history.

Hofbrau Keglers Hit 1067 Single

The Hofbrau keglers set a new high team single record in the Kingston Summer League with a rousing 1067 blast at the Central Recs Thursday night but they needed most of the sticks as their opponents, Haber's Grill, posted 1033 in the same set.

Solos in the record-breaking smash were Burr 205, Pierce 210, Crosby 232, Hartman 218 and Cord 166. The Hofbrau had other games of 911 and 932 for a 2910 triple.

Larry Weishaupt cracked a 640 triple, with 244 high single but his Blinder Shop squad dropped two games to Sam's Restaurant. Herbie Sleight anchored Sam's with 603, shooting high single of 223.

Tony La Rocco's 222-603 led the Evergreen Inn to a sweep over Kingston Laundry, while Carnright's Dairy took the odd set from Rudolph's Plumbers.

Syracuse and Cornell Resume Rowing Feud

Syracuse, N. Y., May 24 (AP)—A favored Cornell varsity crew races Syracuse tonight in a resumption of the "neighborhood regatta" that lapsed in 1942.

The two-mile row on Onondaga Lake will be preceded by freshman and junior varsity races.

Jack Castle of East Aurora, stroke for the Syracuse eight, is the only man among them who had had varsity experience before this year. He rowed with the Penn crew last year. Richard Randolph of New York city, is the Cornell pace-setter.

Babe Ruth Returns From Florida Trip

New York, May 24 (AP)—Babe Ruth was back home today after a second winter vacation trip to Florida. The former home run king, who underwent a serious neck operation last January, arrived from Miami yesterday.

"Please, not now—I'm a little tired," Ruth replied to newsmen when they sought to talk to him as he entered his apartment following his arrival by plane at Newark airport. With him were Mrs. Ruth, a nurse and Raymond Kilthau, his host in Miami.

Brunswick Keglers Set for State Tourney

Syracuse, N. Y., May 24 (AP)—The Brunswick Mineralites of New York City, who finished second in the recent American Bowling Congress tournament in Los Angeles, invade the alleys of the men's state bowling tournament today in the course of a 12-hour program.

Three full squads are listed for team play, and three each for singles and doubles.

Fifty teams failed last night to break into upper-bracket standings. The Dahl Motors Class A team from Utica rolled 2829 for high score of the night. J. Haines paced the five with 620, but J. Zintek of the Lincoln Restaurant quintet, Utica, outdid him with 657.

Clarence Rowland's speech before the Kingston Athletic Association this week was a hard-hitting, profound discourse on problems affecting sports for the youth of Kingston. The Dodger president and noted K.H.S. booster made several enlightening comments, and, while he did not propose a panacea for the cure of all the juvenile problems, many of his suggestions merit serious consideration by all persons seriously interested in promoting the welfare of the city's youth.

Mr. Rowland struck squarely at the heart of a touchy issue when he deplored the possibility of separate groups of men pulling in different directions. He said the Kingston Athletic Association and all established youth agencies should pool their resources so that the youth of Kingston can reap maximum benefits in sports programs. He urged continuous personal contact with our boys so that they will become aware of the fact that somebody is interested in their problems.

While admitting that the K.A.A.'s primary interest is in baseball, with basketball and track a close second, Mr. Rowland furnished some interesting statistics on swimming, emphasizing the need for a coordinated swimming program. Approximately 60 per cent of the pupils in the third to the eighth grades cannot swim, while at least 40 per cent in the high school and M.J.M. School are similarly affected, he said. This is a bad situation, he contended, pointing out that the "Y" pool could be used on special days for swimming instructions in conjunction with a K.A.A.-sponsored program that could be well advertised and publicized.

The Kingston Y pool is the only one on the west side of the river between Albany and Newburgh and approximately 500 persons use this pool each week. Viewing the negative side, Mr. Rowland observed that 7,000 persons drown every year. "Let's do something to reduce this tremendous loss of human beings," he said. "Swimming is a sport. When you drown, you cannot play in sports. But, if you are injured in sports, you can still participate as soon as the injury heals. Not so in a swimming accident."

The Dodger president urged visits to neighborhood boys' clubs where under-privileged youngsters learn to live, work and play with others. He lauded the K.A.A.'s constructive youth program as a potent curb on juvenile delinquency and emphasized the continual need of personal contact with the kids of the city. Mr. Rowland also said he felt that if the K.A.A. had been in existence thirty years ago, Kingston would have had a suitable playing field and recreational facilities many years ago.

FLOTSAM AND JETSAM

Jack Haber, of 46 Grand street, and Emerson "Crocky" Rawding, of 73 Albany avenue, two of Kingston's most ardent anglers, have returned from a two-day stream-whipping vacation in the Adirondacks loaded down with big fish and bigger stories. . . . The local sportsmen had good luck and bagged their legal limit of wall-eyed pike, and then cast their lines in the famous Sacandaga reservoir, celebrated habitat of the Great Northern pike. . . . Their luck still held good and they caught another mess of pike, including a so-called "Sockdolager" that measured 37 inches in length and weighted nine pounds. . . . The giant pike is now on display at Haber's Grill and the doubting Thomases are invited to view it. . . . "Sox" Lettice, famous Adirondack Indian guide, was the fellow who pointed out the fishing paradises for Messrs. Haber and Rawding. . . . The beautiful traveling case presented to Rose Schatzel at the K.W.B.A. banquet Sunday night was a gift of the Kingston Bowling Association's in appreciation of Rose's efforts on the polished lanes this season.

OF MEN AND MICE: Bob Feller had better move over and make room for young "Bullet Bob" Hansen of Central Valley High School. . . . Young Hansen authored his third no-hit, no-run game of the season Wednesday. . . . We've seen City Baseball League players smoking cigarettes in uniform and playing without hose. . . . That's not according to Hoyle, as we see it. . . . Memos to George Palmateer: Shirley Podret, the brilliant Poughkeepsie woman golfer, who was a state finalist in 1941, is launching a comeback and is taking lessons from "Jolly Cholly" DeStefano at College Hill course. . . . When Gus Lesnevich visited Poughkeepsie with a USO troupe in 1941, he told Lou Tofel, Bridge City boxing figure, "If there is one thing I can do, it's lick that guy from your home town." "That guy" was Melio Bettina. . . . Lefty Lou Albright, former K.H.S. pitcher, was a varsity hurler with Rider College this season, splitting four decisions. . . . Rider played only seven games, having nine rained out. . . . Just as you would expect: On the brightest, hottest day of spring, the Kingston Dodgers were on the road.

Watzka Hurls 2-Hitter, Fans Eight as Staubles Win, 9-4

Big Jack Watzka, who throws them as hard as his illustrious father did a couple of decades ago with the famous Studebakers of East Kingston, wrapped up his first victory in the City Baseball League yesterday, a gaudy 9-4 decision for Stauble's Bakery over the Knights of Columbus.

How the Knights contrived to score four runs on the strapping, apple cheeked right hander on only two hits outwardly seems like a mystery until you begin to analyze the boxscore.

It develops that in the fifth inning, the Knights capitalized on a streak of wildness by young Watzka to score four runs without the semblance of a baseknock. Watzka doled out four walks while his mates generously kicked in with three errors of commission and several of omission.

Watzka whipped a third strike past eight Knights batters and gave indication of developing into one of the more robust twirlers in the twilight circuit.

Olen Hitting Star

Bob Olen, the Stauble catcher, went "3 for 3" to pace the eight-hit assault on Jack Buchanan. Olen rapped a single, double and triple and drove in three runs. Sleight and Schryver each had two hits for the winners. Letus and Wolf collected the two hits off Watzka.

Stauble's jumped to a 3-0 lead in the first, added a single marker in the second, and when the Knights tied it up, roared back with five runs in the fifth and sixth to take the game out of danger.

Next Week's Schedule

Monday, May 26—West Shore vs. Morgan's Restaurant.
Tuesday, May 27 — Stauble's Bakery vs. Chez Emile.
Wednesday, May 28—Knights of Columbus vs. Frank's Sport.
Thursday, May 29—Hofbrau vs. 7-Up.

Dodgers Beat Nazareth; Lead by Three Games

The Dodgers held a three-game lead in the North Atlantic League today, as the result of an easy 8 to 3 decision over Nazareth last night at the Pennsylvania city diamond.

Lanky Ted Seddon, one of the Dodger fireball artists, notched the victory, his second of the season in a starting role.

Manager Scherger's rookies continue to set a fast pace, with 11 wins and three losses. The defending champion, Peekskill Highlanders, also have won 11 times but have dropped six decisions.

In other games last night, a general reshuffling of the standings was effected, when second, third and fourth places changed hands.

Peekskill moved from third to second place by virtue of a 3 to 1 win over Mahanoy City, dropping Mahanoy to a third place tie with Stroudsburg.

In Nyack Sunday

The series finale is scheduled in Nazareth tonight, with the Dodgers moving to Nyack for a Sunday doubleheader and single encounter on Monday. The Rocklands got off to a poor start, dropping their first six decisions, but have played good ball in recent games.

Dodgers Sign First Baseman Who Can Hit in Fourth Slot

The hard-hitting first baseman Manager "Sugar" Scherger would like to use in the cleanup slot in the Dodger batting order made his debut with the locals last night in Nazareth, Pa.

He is Wiley Williams, strapping 190-pounder, who was transferred to Kingston from the Abilene, Texas club of the West Texas-New Mexico League.

Williams made a flying trip to Kingston from Texas in time to accompany the Dodgers to Nazareth. According to information received by Business Manager Paul Taylor, the new first baseman is somewhat unsual in that he throws right and bats left.

Manager Scherger watched Williams at the Dodgers' Pensacola training camp and tabbed him as one of the top Dodger prospects in the lower classifications. Scherger thinks Williams will provide the long-ball hitting the Dodgers are going to need in the fourth slot when the pressure of the pennant campaign starts mounting.

Warfield Released

Williams' arrival in the Kingston camp meant the automatic release of Don Warfield, who has appeared in every game the Dodgers have played this season. Warfield could not untrack himself in the batter's box and his mental attitude was not conducive to winning baseball. It is believed that he is returning home to quit baseball for good.

Giants Continue to Astound Skeptics With Great Streak

By JACK HAND

(Associated Press Sports Writer)

Manager Mel Ott's critics are speechless these days as his New York Giants careen along at the top of the National League on the booming home runs smashes of Big Johnny Mize.

By and large the current Giants are the same fellows who finished in the league cellar last September. Outside of rookie Bob Thomson in centerfield, Clint Hartung, now of the pitching staff, and Larry Jansen, the same old names show in the box scores.

Mize continues to wear out the Boston Braves pitchers who have been victimized by five of his 11 home run blasts. Si Johnson became the latest victim when he was struck for a grand slam homer by Mize during a six-run Giants uprising in yesterday's Giant romp.

George (Red) Munger gave Manager Eddie Dyer a pleasant evening when he shut out Pittsburgh with six hits, 2-0, his first win since April 16. The big fellow was counted a 20-game winner in off-season calculations but this was his first efficient job after five straight knockouts.

Dodgers Win 5-4

Brooklyn eased out a 5-4 game edge over Philadelphia on a streak of wildness by Ben Chapman's pitchers. The Dodgers scored twice in the seventh without a hit. Dutch Leonard, whose five-game win streak was broken, walked one man and then threw late on two attempted sacrifice bunts to load the bases. Reliefers Ken Heintzelman and Tommy Hughes each walked a man, forcing in the tying and winning runs. Rex Barney earned his first decision on relief.

Cleveland turned out the largest crowd of the major league season, 61,227 paid, for the Indians' night game with St. Louis despite all the debate about the muddy condition of the field. The Indians lost the ball game 5-3 in the 12th in a Brownie rally, sparked by Bob Dillinger who had four hits in six at bats.

Detroit increased its first place advantage to a game and a half by whipping Chicago, 5-2, in the opener of a 25-game home stand.

Reynolds 2-Hitter

Allie Reynolds of the New York Yankees tossed his second two-hitter against the Boston Red Sox, winning easily 9-0 when his mates shelled Harry Dorish and Mel Parnell for 12 hits including Charley Keller's ninth homer.

Philadelphia's A's remained unbeaten at night, drubbing Washington, 8-1, behind Phil Marchildon's three-hit chucking. Chet Laabs led the attack on Mickey Haefner with a three-run homer in the fourth inning.

Chicago and Cincinnati in the National were rained out.

Largest masonary structure ever erected is Grand Coulee dam, on the Columbia river.

Yesterday's Stars

By The Associated Press

BATTING—Johnny Mize, Giants—His bases-loaded homer off Si Johnson in the third inning helped New York sink Boston Braves, 8-1. It was his 11th of the season.

PITCHING — Allie Reynolds, Yankees—Shut out Boston with two scratch singles, 9-0, his third runless job in four victories.

Albany to New York Outboard Marathon Scheduled Sunday

Albany, May 24—More than 100 boats will be massed for the start of the Hudson River outboard classic at 8 o'clock Sunday morning in the first running of the famous race since 1941. The first boat is expected to cross the finish line at Dyckman street, New York, shortly before noon.

In place of the hydroplanes which have traditionally made the 120-mile run will be outboard runabouts carrying motors of from 16 to 50 horsepower. The drivers will include experienced races as well as a number who are making their first bid for fame. All are seeking the Oluf Mikkelsen trophy for the first boat to cross the finish line and the $1,000 in cash which accompanies it. Class winners will divide an additional $1,000, and four other trophies.

Commodore Vincent J. Rossignol of the Weowna Yacht and Canoe Club, sponsors of the race, said arrangements have been made to accommodate a record number of spectators in the vicinity of the finish line.

Although fair weather is hoped for tomorrow it is anticipated that the boats will find a good part of the river is choppy, but this condition is not expected to hamper the runabouts to the extent that has made the 130-mile run the year's toughest grind for hydroplanes. Most of the drivers have installed large enough fuel tanks to enable them to make the entire trip without a stop. Others will make a single stop at the Poughkeepsie Yacht Club float to refuel and to make any motor adjustments necessary.

Outboard pilots from this area entered in the 130-mile classic are Ray Impellittiere, of Cold Springs, one-time heavyweight boxing contender; John and Howard White, of Poughkeepsie; Perry L. Relyea, of Highland; and William Collier of Germantown.

Divorce Is Final

The interlocutory decree dissolving the marriage of Ada M. Eggleston to George F. Eggleston granted by Judge Harry E. Schirick at the February special term of Supreme Court, held in Kingston has become final. The marriage was dissolved because of the absence of the defendant for a period of more than five years. Harry Gold represented the plaintiff.

'Babyface' Decker in Main Bout Next Thursday

Popular Bantam Faces Rugged Chuck Wilkerson

turns to the scene of his greatest fistic triumphs and memories next Thursday night, May 29, when he battles Cleveland's crack Chuck Wilkerson in the headline bout on B'nai B'rith's semi-monthly card.

The former Kingston youth, who moved to Schenectady and developed into one of the finest amateur ring prospects in upper New York, will return carrying added poundage and a brilliant Navy boxing record. He is now on furlough from the Navy.

The resounding cheer that went up when it was annonunced on the last card that "Babyface" would be featured next week was sufficient evidence of the tremendous grip the smooth-boxing youth has on Kingston boxing audiences.

Wilkerson Is Rugged

Decker will trod a path strewn with welcome roses reserved only for returning heroes but inside the squared circle, "Babyface" will come to grips with a rugged performer in Wilkerson. Local fans recall Chuck's impressive victory over Ernie Martineau, of Boston, on April 17. Martineau had just completed a sensational string of Golden Gloves and sectional triumphs when Wilkerson, a stablemate of Paul Simpson, chased the New Englander all over the ring for an easy decision.

Virgilio Classes

Strangely enough, Decker is remembered more for his defeats than victories in the municipal auditorium ring. After whipping Carmine Virgilio last June in an outdoor show at the stadium, Decker engaged the Poughkeepsie scrapper in two return bouts that were among the most controversial in local ring annals.

Virgilio was awarded the decision both times but the boxing crowd was sharply split both times and the post-mortem buzzed in boxing circles for several days.

Decker enlisted in the Navy shortly after the rubber bout with Virgilio. He has been boxing steadily for Uncle Sam and according to Ben Becker, compiled a string of wins against the best service boxers in his weight. The added weight has affected neither his speed nor boxing skill and Becker claims Decker is at his all-time peak right now.

The balance of the card will be announced later.

Esopus G.O.P. Meeting

A meeting of the Town of Esopus Republican Club will be held on Tuesday evening, May 27, at 8 p. m. in the town hall, Port Ewen. An invitation to all residents of the town is extended to attend the meeting. County Attorney Frederick Stang will be the speaker. A social hour will follow and refreshments will be served.

TRADE MARK REG.

By Junius

Maybe in view of the steadily mounting auto toll, the early lawmakers had something on the ball when they ruled that a man with a red flag must always walk in front of a motor car.

Man—My wife treats me like a flat tire.
Friend—You're lucky — mine treats me like a spare.

Neighbor—How is that incubator doing that you bought?
Mrs. Newbride—I suppose it's all right, but I'm a little worried about it. It hasn't laid a single egg yet.

Landlord—What is the complaint?
Tenant—The bathroom faucet won't run; would you mind having the hole in the roof shifted over the tub?

Instead of calling your automobile "The Old Bus" or "Rattle Box", why not give it a real name? A local bird christened his car "Mary" three years ago and she's still a Good Girl.

Joe—Say, mister, your back wheel's going forward.
Sam—That's all right, buddy, I'm on my return trip.

Soph—But I don't think I deserve an absolute zero.
Prof.—Neither do I, but it is the lowest mark that I am allowed to give.

Customer—You're sure one bottle will cure a cold?
Druggist—It must, sir, nobody's ever come back for a second.

Mrs. Smith—Very bad form, I call it, to ring me up during church hours.
Mrs. Jones—Probably she knows you don't go to church.
Mrs. Smith—Very likely; but she might have had the decency to assume that I do.

Veterinary Surgeon—The cow must take a tablespoon of this medicine twice daily.
Farmer—But our cow has no tablespoons. She drinks out of a pail.

A young lady stalled her car at a traffic light one winter day. She stamped on the starter, tried again, choked her engine, while behind her an impatient citizen honked his horn steadily. Finally, she got out and walked back.

"I'm awfully sorry, but I don't seem to be able to start my car," she told the driver of the other car pleasantly. "If you'll go up there and start it for me, I'll stay here and lean on your horn."

Clark Mains Stops Middletown High With Four-Hitter, 5 to 2

Maroon Ace Whiffs Eight Men; Mike Rienzo Cracks Home Run

Every time Clark Mains steps out on the firing line for Coach Bill Burke's Kingston High School nine he strides a step closer to that select circle of all time Maroon pitching greats.

The phlegmatic blonde who overpowers batters with a finesse seldom seen in a high school hurler turned back Middletown with another classic performance at municipal stadium yesterday, yielding only four hits as Kingston won 5 to 2.

The victory kept the Burkemen in the scrambled race for the DUSO baseball pennant and virtually kayoed the Blue and White.

Mains struck out eight batters, didn't issue a pass and the only legitimate tally charged against him was a home run by Charlie Murray, the Middies' great athlete, to start the seventh. Even then it required liberal scoring to call it a homer since the outfield relay was slightly bungled.

Rienzo Clouts Homer

Mike Rienzo, who had twice failed with runners in scoring position, teed off with a home run to deep left field with two men aboard in the fifth inning to put Kingston ahead 5 to 1 and spoil the afternoon for Herb Thornton, No. 1 Middie flinger.

Kingston squandered a couple of scoring opportunities and showed extreme generosity to hand the Middies a run in the second. Murray who collected two of the four hits doled out by Mains singled to open the second and advanced on a passed ball. Mains fanned Scrano and Reed and appeared to be out of danger when DeGroat hit a slow hopper to second where Glaser bobbled it for an error. Murray, running with the pitch, scored all the way from second.

Lay Drives in Run

Kaman walked for the Maroon with two out in the second and Chris Lay promptly chased him across with a line drive double to left field. In the third, Dick Dulin led off with the second of three singles and moved to second on Roe's sacrifice. With Glaser batting something went haywire on a bunt play and Dulin was nailed trying to make third. Glaser promptly followed with a double. Scheffel's double, a passed ball and second baseman DeGroat's miscue gave Kingston a cheapie in the fourth.

There was nothing tainted about the three-run cluster in the fifth. Dulin singled and Roe attempted to sacrifice. Thornton made the play to second and both runners were safe. Glaser advanced them a notch with a well-placed bunt and Rienzo cleared the sacks with a robust wallop that soared over the left fielder's head. It was his second round tripper of the season, both at the expense of the Middies.

Retires 13 in Row

Starting in the second inning, Mains retired 13 batters in succession before Murray tagged him for the home run which good fielding would have kept to a triple. The clout didn't rattle the Maroon ace who came back to snuff out the next three batters.

Bob Ghear, Kingston's rangy first sacker, pulled the fielding gem when he speared Van Gelder's sharp line drive in the third . . . Mains was so effective that the Kingston outfielders had only one chance.

Rain Prevents Parade

Shanghai, May 24 (AP)—Pouring rain dampened Shanghai students' enthusiasm for a scheduled anti-civil war demonstration today, and by early afternoon no paraders had appeared. Police still held five of 16 students—including five co-eds—who were arrested yesterday on charges of agitating for a general strike. The co-eds were among those released.

Kingston Keglers In State Tourney

The final invasion of the state bowling tournament in Syracuse by Kingston squads is due tonight when the Jones Dairy Specials and Van Kleecks roll their 5-man event. Among the keglers scheduled for action are Ad Jones, Larry Weishaupt, Red Sangi, Herb Van Deusen and John MacLellan.

Bettina Victim Of Record Kayo By Lesnevich

New York, May 24 (AP)—Light-heavyweight Champion Gus Lesnevich exploded the heavyweight hopes of southpaw Melio Bettina all over Madison Square Garden's ring last night by flattening the former 175-pound king in 59 seconds of the first round of their scheduled ten-rounder. Lesnevich weighed 179¾; Bettina 190¼.

Teeing off on the Beacon, N. Y., ex-soldier from the opening gong, the blond belter from Cliffside Park, (N.J.) bounced Melio off the deck twice in about half a minute, then dropped him for the third time as the first minute neared its end. Melio rolled over on his back, half out on the apron of the ring, half inside, and Referee Frankie Fullam didn't even bother to count as he called an immediate halt to the proceedings.

It took several minutes for Bettina's handlers, as well as Dr. Vincent Nardiello, state athletic commissioner who was hastily summoned, to bring Melio around.

A crowd of 10,225 contributed to a gross gate of $51,143 to see the fight that was over almost before it started—so quickly, in fact, that old timers said it was the fastest finish to a main event in Garden history.

Hofbrau Keglers Hit 1067 Single

The Hofbrau keglers set a new high team single record in the Kingston Summer League with a rousing 1067 blast at the Central Recs Thursday night but they needed most of the sticks as their opponents, Haber's Grill, posted 1033 in the same set.

Solos in the record-breaking smash were Burr 205, Pierce 210, Crosby 232, Hartman 218 and Cord 166. The Hofbrau had other games of 911 and 932 for a 2910 triple.

Larry Weishaupt cracked a 640 triple, with 244 high single but his Blinder Shop squad dropped two games to Sam's Restaurant. Herbie Sleight anchored Sam's with 603, shooting high single of 223.

Tony La Rocco's 222-603 led the Evergreen Inn to a sweep over Kingston Laundry, while Carnright's Dairy took the odd set from Rudolph's Plumbers.

Syracuse and Cornell Resume Rowing Feud

Syracuse, N. Y., May 24 (AP)—A favored Cornell varsity crew races Syracuse tonight in a resumption of the "neighborhood regatta" that lapsed in 1942.

The two-mile row on Onondaga Lake will be preceded by freshman and junior varsity races.

Jack Castle of East Aurora, stroke for the Syracuse eight, is the only man among them who had had varsity experience before this year. He rowed with the Penn crew last year. Richard Randolph of New York city, is the Cornell pace-setter.

Babe Ruth Returns From Florida Trip

New York, May 24 (AP)—Babe Ruth was back home today after a second winter vacation trip to Florida. The former home run king, who underwent a serious neck operation last January, arrived from Miami yesterday.

"Please, not now—I'm a little tired," Ruth replied to newsmen when they sought to talk to him as he entered his apartment following his arrival by plane at Newark airport. With him were Mrs. Ruth, a nurse and Raymond Kilthau, his host in Miami.

Brunswick Keglers Set for State Tourney

Syracuse, N. Y., May 24 (AP)—The Brunswick Mineralites of New York City, who finished second in the recent American Bowling Congress tournament in Los Angeles, invade the alleys of the men's state bowling tournament today in the course of a 12-hour program.

Three full squads are listed for team play, and three each for singles and doubles.

Fifty teams failed last night to break into upper-bracket standings. The Dahl Motors Class A team from Utica rolled 2829 for high score of the night. J. Haines paced the five with 620, but J. Zintek of the Lincoln Restaurant quintet, Utica, outdid him with 657.

Mr. Peck—Would you mind compelling me to move on, officer? I've been waiting on this corner three hours for my wife!

CHARLES J. TIANO

Sports Editor

Clarence Rowland's speech before the Kingston Athletic Association this week was a hard-hitting, profound discourse on problems affecting sports for the youth of Kingston. The Dodger president and noted K.H.S. booster made several enlightening comments, and, while he did not propose a panacea for the cure of all the juvenile problems, many of his suggestions merit serious consideration by all persons seriously interested in promoting the welfare of the city's youth.

Mr. Rowland struck squarely at the heart of a touchy issue when he deplored the possibility of separate groups of men pulling in different directions. He said the Kingston Athletic Association and all established youth agencies should pool their resources so that the youth of Kingston can reap maximum benefits in sports programs. He urged continuous personal contact with our boys so that they will become aware of the fact that somebody is interested in their problems.

While admitting that the K.A.A.'s primary interest is in baseball, with basketball and track a close second, Mr. Rowland furnished some interesting statistics on swimming, emphasizing the need for a coordinated swimming program. Approximately 60 per cent of the pupils in the third to the eighth grades cannot swim, while at least 40 per cent in the high school and M.J.M. School are similarly affected, he said. This is a bad situation, he contended, pointing out that the "Y" pool could be used on special days for swimming instructions in conjunction with a K.A.A.-sponsored program that could be well advertised and publicized.

The Kingston Y pool is the only one on the west side of the river between Albany and Newburgh and approximately 500 persons use this pool each week. Viewing the negative side, Mr. Rowland observed that 7,000 persons drown every year. "Let's do something to reduce this tremendous loss of human beings," he said. "Swimming is a sport. When you drown, you cannot play in sports. But, if you are injured in sports, you can still participate as soon as the injury heals. Not so in a swimming accident."

The Dodger president urged visits to neighborhood boys' clubs where under-privileged youngsters learn to live, work and play with others. He lauded the K.A.A.'s constructive youth program as a potent curb on juvenile delinquency and emphasized the continual need of personal contact with the kids of the city. Mr. Rowland also said he felt that if the K.A.A. had been in existence thirty years ago, Kingston would have had a suitable playing field and recreational facilities many years ago.

FLOTSAM AND JETSAM

Jack Haber, of 46 Grand street, and Emerson "Crocky" Rawding, of 73 Albany avenue, two of Kingston's most ardent anglers, have returned from a two-day stream-whipping vacation in the Adirondacks loaded down with big fish and bigger stories. . . . The local sportsmen had good luck and bagged their legal limit of wall-eyed pike, and then cast their lines in the famous Sacandaga reservoir, celebrated habitat of the Great Northern pike. . . . Their luck still held good and they caught another mess of pike, including a so-called "Sockdolager" that measured 37 inches in length and weighted nine pounds. . . . The giant pike is now on display at Haber's Grill and the doubting Thomases are invited to view it. . . . "Sox" Lettice, famous Adirondack Indian guide, was the fellow who pointed out the fishing paradises for Messrs. Haber and Rawding. . . . The beautiful traveling case presented to Rose Schatzel at the K.W.B.A. banquet Sunday night was a gift of the Kingston Bowling Association's in appreciation of Rose's efforts on the polished lanes this season.

OF MEN AND MICE: Bob Feller had better move over and make room for young "Bullet Bob" Hansen of Central Valley High School. . . . Young Hansen authored his third no-hit, no-run game of the season Wednesday. . . . We've seen City Baseball League players smoking cigarettes in uniform and playing without hose. . . . That's not according to Hoyle, as we see it. . . . Memos to George Palmateer: Shirley Podret, the brilliant Poughkeepsie woman golfer, who was a state finalist in 1941, is launching a comeback and is taking lessons from "Jolly Cholly" DeStefano at College Hill course. . . . When Gus Lesnevich visited Poughkeepsie with a USO troupe in 1941, he told Lou Tofel, Bridge City boxing figure, "If there is one thing I can do, it's lick that guy from your home town." "That guy" was Melio Bettina. . . . Lefty Lou Albright, former K.H.S. pitcher, was a varsity hurler with Rider College this season, splitting four decisions. . . . Rider played only seven games, having nine rained out. . . . Just as you would expect: On the brightest, hottest day of spring, the Kingston Dodgers were on the road.

Watzka Hurls 2-Hitter, Fans Eight as Staubles Win, 9-4

Big Jack Watzka, who throws them as hard as his illustrious father did a couple of decades ago with the famous Studebakers of East Kingston, wrapped up his first victory in the City Baseball League yesterday, a gaudy 9-4 decision for Stauble's Bakery over the Knights of Columbus.

How the Knights contrived to score four runs on the strapping, apple cheeked right hander on only two hits outwardly seems like a mystery until you begin to analyze the boxscore.

It develops that in the fifth inning, the Knights capitalized on a streak of wildness by young Watzka to score four runs without the semblance of a baseknock. Watzka doled out four walks while his mates generously kicked in with three errors of commission and several of omission.

Watzka whipped a third strike past eight Knights batters and gave indication of developing into one of the more robust twirlers in the twilight circuit.

Olen Hitting Star

Bob Olen, the Stauble catcher, went "3 for 3" to pace the eight-hit assault on Jack Buchanan. Olen rapped a single, double and triple and drove in three runs. Sleight and Schryver each had two hits for the winners. Letus and Wolf collected the two hits off Watzka.

Stauble's jumped to a 3-0 lead in the first, added a single marker in the second, and when the Knights tied it up, roared back with five runs in the fifth and sixth to take the game out of danger.

Next Week's Schedule

Monday, May 26—West Shore vs. Morgan's Restaurant.

Tuesday, May 27 — Stauble's Bakery vs. Chez Emile.

Wednesday, May 28—Knights of Columbus vs. Frank's Sport.

Thursday, May 29—Hofbrau vs. 7-Up.

Friday, May 30—No game.

Dodgers Beat Nazareth; Lead by Three Games

The Dodgers held a three-game lead in the North Atlantic League today, as the result of an easy 8 to 3 decision over Nazareth last night at the Pennsylvania city diamond.

Lanky Ted Seddon, one of the Dodger fireball artists, notched the victory, his second of the season in a starting role.

Manager Scherger's rookies continue to set a fast pace, with 11 wins and three losses. The defending champion, Peekskill Highlanders, also have won 11 times but have dropped six decisions.

In other games last night, a general reshuffling of the standings was effected, when second, third and fourth places changed hands.

Peekskill moved from third to second place by virtue of a 3 to 1 win over Mahanoy City, dropping Mahanoy to a third place tie with Stroudsburg.

In Nyack Sunday

The series finale is scheduled in Nazareth tonight, with the Dodgers moving to Nyack for a Sunday doubleheader and single encounter on Monday. The Rocklands got off to a poor start, dropping their first six decisions, but have played good ball in recent games.

Dodgers Sign First Baseman Who Can Hit in Fourth Slot

The hard-hitting first baseman Manager "Sugar" Scherger would like to use in the cleanup slot in the Dodger batting order made his debut with the locals last night in Nazareth, Pa.

He is Wiley Williams, strapping 190-pounder, who was transferred to Kingston from the Abilene, Texas club of the West Texas-New Mexico League.

Williams made a flying trip to Kingston from Texas in time to accompany the Dodgers to Nazareth. According to information received by Business Manager Paul Taylor, the new first baseman is somewhat unusual in that he throws right and bats left.

Manager Scherger watched Williams at the Dodgers' Pensacola training camp and tabbed him as one of the top Dodger prospects in the lower classifications. Scherger thinks Williams will provide the long-ball hitting the Dodgers are going to need in the fourth slot when the pressure of the pennant campaign starts mounting.

Warfield Released

Williams' arrival in the Kingston camp meant the automatic release of Don Warfield, who has appeared in every game the Dodgers have played this season. Warfield could not untrack himself in the batter's box and his mental attitude was not conducive to winning baseball. It is believed that he is returning home to quit baseball for good.

Giants Continue to Astound Skeptics With Great Streak

By JACK HAND
(Associated Press Sports Writer)

Manager Mel Ott's critics are speechless these days as his New York Giants careen along at the top of the National League on the booming home runs smashes of Big Johnny Mize.

By and large the current Giants are the same fellows who finished in the league cellar last September. Outside of rookie Bob Thomson in centerfield, Clint Hartung, now of the pitching staff, and Larry Jansen, the same old names show in the box scores.

Mize continues to wear out the Boston Braves pitchers who have been victimized by five of his 11 home run blasts. Si Johnson became the latest victim when he was struck for a grand slam homer by Mize during a six-run Giants uprising in yesterday's Giant romp.

George (Red) Munger gave Manager Eddie Dyer a pleasant evening when he shut out Pittsburgh with six hits, 2-0, his first win since April 16. The big fellow was counted a 20-game winner in off-season calculations but this was his first efficient job after five straight knockouts.

Dodgers Win 5-4

Brooklyn eased out a 5-4 game edge over Philadelphia on a streak of wildness by Ben Chapman's pitchers. The Dodgers scored twice in the seventh without a hit. Dutch Leonard, whose five-game win streak was broken, walked one man and then threw late on two attempted sacrifice bunts to load the bases. Reliefers Ken Heintzelman and Tommy Hughes each walked a man, forcing in the tying and winning runs. Rex Barney earned his first decision on relief.

Cleveland turned out the largest crowd of the major league season, 61,227 paid. for the Indians' night game with St. Louis despite all the debate about the muddy condition of the field. The Indians lost the ball game 5-3 in the 12th in a Brownie rally, sparked by Bob Dillinger who had four hits in six at bats.

Detroit increased its first place advantage to a game and a half by whipping Chicago, 5-2, in the opener of a 25-game home stand.

Reynolds 2-Hitter

Allie Reynolds of the New York Yankees tossed his second two-hitter against the Boston Red Sox, winning easily 9-0 when his mates shelled Harry Dorish and Mel Parnell for 12 hits including Charley Keller's ninth homer.

Philadelphia's A's remained unbeaten at night, drubbing Washington, 8-1, behind Phil Marchildon's three-hit chucking. Chet Laabs led the attack on Mickey Haefner with a three-run homer in the fourth inning.

Chicago and Cincinnati in the National were rained out.

BATTING—Johnny Mize, Giants—His bases-loaded homer off Si Johnson in the third inning helped New York sink Boston Braves, 8-1. It was his 11th of the season.

PITCHING — Allie Reynolds, Yankees—Shut out Boston with two scratch singles, 9-0, his third runless job in four victories.

Albany to New York Outboard Marathon Scheduled Sunday

Albany, May 24—More than 100 boats will be massed for the start of the Hudson River outboard classic at 8 o'clock Sunday morning in the first running of the famous race since 1941. The first boat is expected to cross the finish line at Dyckman street, New York, shortly before noon.

In place of the hydroplanes which have traditionally made the 130-mile run will be outboard runabouts carrying motors of from 16 to 50 horsepower. The drivers will include experienced races as well as a number who are making their first bid for fame. All are seeking the Oluf Mikkelsen trophy for the first boat to cross the finish line and the $1,000 in cash which accompanies it. Class winners will divide an additional $1,000, and four other trophies.

Commodore Vincent J. Rossignol of the Weowna Yacht and Canoe Club, sponsors of the race, said arrangements have been made to accommodate a record number of spectators in the vicinity of the finish line.

Although fair weather is hoped for tomorrow it is anticipated that the boats will find a good part of the river is choppy, but this condition is not expected to hamper the runabouts to the extent that has made the 130-mile run the year's toughest grind for hydroplanes. Most of the drivers have installed large enough fuel tanks to enable them to make the entire trip without a stop. Others will make a single stop at the Poughkeepsie Yacht Club float to refuel and to make any motor adjustments necessary.

Outboard pilots from this area entered in the 130-mile classic are Ray Impellittiere, of Cold Springs, one-time heavyweight boxing contender; John and Howard White, of Poughkeepsie; Perry L. Relyea, of Highland; and William Collier of Germantown.

'Babyface' Decker in Main Bout Next Thursday

Popular Bantam Faces Rugged Chuck Wilkerson

turns to the scene of his greatest fistic triumphs and memories next Thursday night, May 29, when he battles Cleveland's crack Chuck Wilkerson in the headline bout on B'nai B'rith's semi-monthly card.

The former Kingston youth, who moved to Schenectady and developed into one of the finest amateur ring prospects in upper New York, will return carrying added poundage and a brilliant Navy boxing record. He is now on furlough from the Navy.

The resounding cheer that went up when it was announced on the last card that "Babyface" would be featured next week was sufficient evidence of the tremendous grip the smooth-boxing youth has on Kingston boxing audiences.

Wilkerson Is Rugged

Decker will trod a path strewn with welcome roses reserved only for returning heroes but inside the squared circle, "Babyface" will come to grips with a rugged performer in Wilkerson. Local fans recall Chuck's impressive victory over Ernie Martineau, of Boston, on April 17. Martineau had just completed a sensational string of Golden Gloves and sectional triumphs when Wilkerson, a stablemate of Paul Simpson, chased the New Englander all over the ring for an easy decision.

Virgilio Classes

Strangely enough, Decker is remembered more for his defeats than victories in the municipal auditorium ring. After whipping Carmine Virgilio last June in an outdoor show at the stadium, Decker engaged the Poughkeepsie scrapper in two return bouts that were among the most controversial in local ring annals.

Virgilio was awarded the decision both times but the boxing crowd was sharply split both times and the post-mortem buzzed in boxing circles for several days.

Decker enlisted in the Navy shortly after the rubber bout with Virgilio. He has been boxing steadily for Uncle Sam and according to Ben Becker, compiled a string of wins against the best service boxers in his weight. The added weight has affected neither his speed nor boxing skill and Becker claims Decker is at his all-time peak right now.

The balance of the card will be announced later.

Esopus G.O.P. Meeting

Steel Probe to Continue

Washington, May 24 (AP)—Senators investigating huge sales of steel through unusual channels will resume hearings Tuesday with Herbert M. Karp of New York tentatively slated as a witness. Businessmen already heard by the Senate Small Business Subcommittee have described the New York lawyer as a middleman in arranging big transactions. Percy Nagle, representing Argentine and Chilean companies, testified yesterday Karp agreed to get him 195,000 tons of steel, estimated by committee aides as a $25,000,000 deal.

Lands in Bay as Car Crashes

New York, May 24 (AP)—A motorist was catapulted ino Jamaica Bay when his car crashed on Cross Bay Boulevard about 2 a. m. today, two men who rescued him suffered submersion and his wife was pinned in the wrecked car and injured. Swerving to avoid a collision, Michael Sinkel, 28, of 90-12 103rd avenue, Ozone Park, Queens, crashed into a center abutment and his car overturned. A door flew open, and Sinkel was hurled out and over a four-foot fence into the water. Peter Ryan, of 116-46 128th street, Ozone Park, and Robert Smith, 92-22 131st street, Richmond Hill, who were in a car behind the crashed auto, went to the aid of the Sinkels. One extricated Sinkel's wife, Ina, 25, and then Ryan and Meth dove into the water to help Sinkel.

No Chance, Says Eleanor

New York, May 24 (AP) — A woman would have "no change at all" to be elected president, says Mrs. Eleanor Roosevelt, "and what is more, I wouldn't wish it on her." "If by some fluke a woman were nominated and elected, she could not hold her following," the president's widow told the Foreign Press Association yesterday at a luncheon. In this country, Mrs. Roosevelt said, the idea of equality for women on all levels has not been accepted yet, so that the mere presence of a woman in political office often causes resentment.

Is ADVERTISING helping you?

The Pay-off is your Pay Envelope

What One Worker Says:

MACHINIST—I'll say advertising helps me. We make typewriters. I get paid because my outfit—and thousands of other companies we sell to—can sell their products or services at a profit. They do this mainly through advertising—modern mass-selling operation without which we'd really be in a fix. Advertising, by selling goods, protects my job.

★ ★ ★

Perhaps You've Never Seen It Put This Simply Before

ADVERTISING has been defined as "salesmanship in print—or on the air waves." The more advertising sells, the more goods are needed to fill that demand. The more goods needed, the more men and women are needed at the factory that makes those goods—yes, and on the farms and mines and mills that make the raw materials needed to make the product. In addition, more men and women are needed by the railway and trucking companies that ship the goods, and by the stores that sell it.

Advertising, by selling goods, starts a never-ending chain that leads to more jobs, better jobs, greater personal security.

So when you hear or read advertising—remember, it's *helping you* by making your job, your home, your income, far more secure!

Other Ways Advertising Helps You:

1. Brings you better goods for less money.
2. Makes shopping more pleasant and easier.
3. Has given us the world's highest standard of living.

Advertising . . . BY SELLING MORE GOODS TO MORE PEOPLE
Makes your job more secure

LEGAL NOTICES

SUPREME COURT OF THE STATE OF NEW YORK, COUNTY OF ULSTER — GAETANO TRESALONI, Plaintiff, against JENNIE PRIMO, NICHOLAS TRESALONI, ELIZABETH CARL, ADOLPH TRESALONI, DOMINICK TRESALONI, CAROLINE CORTIGLIA, STEPHEN TRESALONI, EMILIO PRIMO, CHARLES CARL, DONALD C. OSTERHOUDT, MARTIN KELLER, ABRAM LOWE, CLARENCE SHAPR, GAETANO TRESALONI, as Administrator of the goods, chattels and credits which were of Lucy Tresaloni, deceased, GAETANO TRESALONI, as administrator of the goods, chattels and credits which were of Paul Tresaloni, deceased, CHARLOTTE HUMPHREY, THE RONDOUT SAVINGS BANK and THE PEOPLE OF THE STATE OF NEW YORK, Defendants.

Pursuant to a judgment of partition and sale in the above entitled action, granted May 12, 1947, and entered in the Ulster County Clerk's office on May 12, 1947, I, the Referee in said judgment named, will sell at public auction at the front door of the Ulster County Court House, in the City of Kingston, Ulster County, New York, at 11:30 o'clock in the forenoon, on the 9th day of June, 1947, the several premises situate in the City of Kingston, Ulster County, New York, directed by said judgment to be sold, and which are more particularly bounded and described as follows:

"All that tract, piece or parcel of land, situate in the City of Kingston, County of Ulster and State of New York and described as follows: All that tract, certain piece or parcel of land, situate, lying and being in the City of Kingston, aforesaid and that part thereof formerly known as the Village of Rondout, on the westerly side of Hanratty Street and is bounded as follows: Northerly by lands of James Crosby, westerly by lands heretofore owned by E. B. Newkirk, and southerly by lands of John Joice and easterly by said Hanratty Street. Being fifty feet front on Hanratty Street, and running back one hundred and twenty feet more or less.

Being the same property described in the deed from Philip Coneroy to Andrew Gilday, by deed dated June 1st, 1886 and recorded in Ulster County Clerk's Office in Liber 265 of Deeds at page 166.

Being the same premises conveyed by Sarah Gilday to Lucia Tresaloni, by deed dated August 21, 1920 and recorded in the Ulster County Clerk's Office on November 1, 1920 in Liber 478 of Deeds, at page 515."

Also "All that Tract or Parcel of land, situate in the City of Kingston, County of Ulster and State of New York, bounded and described as follows: Beginning at a point on the easterly side of Hanratty Street, formerly Grove Street, being the most southerly corner of James Heaney's lot, and runs thence easterly along the south bounds of said Heaney's lot ninety feet, more or less, to lands of George Jarrold; thence southerly along said Jarrold's lot fifty feet to lot of John McDonough; thence westerly along McDonough's north bounds to Hanratty Street ninety feet, more or less; thence northerly fifty feet to the place of beginning. Being the same premises as conveyed to Jannina Remiszewska by Lena Musialkiewicz, by indenture of deed dated January 3, 1921, acknowledged January 25, 1921 and recorded April 26, 1921 in Liber 481 of Deeds at page 507, Ulster County Clerk's Office.

Being the same premises described in a deed from Walter N. Gill, Referee, to Lucia Tresaloni, dated July 14, 1931 and recorded in the Ulster County Clerk's Office on July 18, 1931 in Liber 552 of Deeds at page 498."

Also "All that certain tract or parcel of land situate in the City of Kingston, Ulster County, New York," described as follows: Also all that tract or parcel of land situate in the City of Kingston, County of Ulster and State of New York, bounded and described as follows: Commencing at a point on the easterly side of Hanratty Street (formerly called Grove) at the corner of Michael Shield's lot, and runs thence easterly along the south side of said Michael Shield's lot ninety (90) feet more or less to lands of George Jarrold; thence southerly along Jarrold's land fifty (50) feet more or less to John Heany's lot; thence westerly along the north side of said Heany's lot ninety (90) feet more or less to Hanratty Street aforesaid; and thence northerly along the east side of Hanratty Street fifty (50) feet to the place of beginning. Being same premises conveyed by DeWitt Roosa, Referee, to Mathew Larkin, Jr. by deed dated March 2, 1880 and recorded in Ulster County Clerk's Office in Book of Deeds No. 222 page 15.

Also all that tract or parcel of land situate in the City of Kingston, County of Ulster and State of New York, being one hundred (100) feet wide in front and rear and one hundred (100) feet deep, bounded northerly by lands formerly of Owen Cramer, easterly by lands formerly of George Jarrold, southerly by lands now or formerly of James Sweeney, and westerly by Hanratty Street. Being same premises conveyed by The Common Council of the City of Kingston to Mathew Larkin, Jr. by certificate of sale dated February 28, 1882 and recorded in Ulster County Clerk's Office in Book of Deeds No. 250 at page 15.

Being the same premises conveyed by Margaret R. Kelder to Paul Tresaloni and Lucy Tresaloni, his wife, by deed dated July 22, 1920 and recorded in the Ulster County Clerk's Office December 6, 1920 in Liber 479 of Deeds at page 272."

Also "All that certain lot of land situate in the City of Kingston, Ulster County, N. Y. on the corner of Hone and Hunter Streets more particularly bounded and described as follows:

Beginning at a point formed by the intersection of the northerly line of Hunter Street with the westerly line of Hone Street, thence running along the westerly line of Hone Street on a course north 31 degrees 10 minutes west for a distance of 60.00 feet to the property of the estate of Mary McCullough, deceased, thence along the bounds of the property of the estate of Mary McCullough, deceased, on a course of south 63 degrees 37 minutes west for a distance of 65.10 feet to the easterly line of the property of David Finley, thence along the easterly line of the said David Finley on a course of south 28 degrees 12 minutes east for a distance of 59.00 feet to the northerly line of the aforesaid Hunter Street, thence along the northerly line of the said Hunter Street on a course of north 64 degrees 30 minutes east for a distance of 68.20 feet to the point or place of beginning.

Being a part of the property conveyed to John McCullough and Mary McCullough, his wife, by the President, Managers and Company of the Delaware and Hudson Canal Company by deed January 6, 1872 recorded in Ulster County Clerk's Office March 6, 1872 in Book of Deeds 175 page 89.

Being the same premises conveyed by William McCullough & ano as executors and trustees under will of Mary McCullough, deceased, to Morris Yallam, by deed dated September 20, 1921 and recorded in Ulster County Clerk's office Sept. 30, 1921.

The property hereby conveyed is subject to a mortgage of fifteen hundred dollars made and executed by Morris Yallam to Mary I. Humphrey of Poughkeepsie, N. Y., dated Sept. 20th, 1921 and recorded in the Ulster County Clerk's Office Sept. 30th, 1921, which said mortgage the party of the second part hereto hereby assumes and agrees to pay.

Being the same premises conveyed by Morris Yallam (widower) to Paul Tressaloni and Lucy Tressaloni, his wife, by deed dated October 17, 1921, and recorded in the Ulster County Clerk's Office on October 19, 1921 in Liber 485 of Deeds at page 193."

THE PEOPLE OF THE STATE OF NEW YORK BY THE GRACE OF GOD FREE AND INDEPENDENT:

TO—

John Weber, U. S. Fidelity and Guaranty Co., The Attorney General of the State of New York, John Doe and Richard Roe, the names John Doe and Richard Roe being fictitious, the true names of said persons being unknown to petitioner, the heirs at law, next of kin and distributees of Georgiana Wiltshire, late of the City of Kingston, Ulster County, New York, deceased, if any there be whose post office addresses are unknown to petitioner.

All persons who are or make any claims whatsoever as executor or Administrator of any person who may be deceased and who if living would have an interest in the Estate of Georgiana Wiltshire, late of the City of Kingston, Ulster County, deceased, derived through any or all of the above named persons or their devisees, legatees or distributees, if any there be, whose names and post office addresses are unknown to petitioner.

And to all persons interested in the Estate of Georgiana Wiltshire, late of the City of Kingston, County of Ulster and State of New York, deceased, as creditors, legatees, distributees, or otherwise,

GREETING:

ALL AND EACH OF YOU ARE HEREBY CITED TO SHOW CAUSE at a Surrogate's Court to be held in and for the County of Ulster at the Surrogate's Office in the City of Kingston, New York on the 2nd day of June, 1947, at 10:00 o'clock (Daylight Saving Time) in the forenoon of that day, why the account of proceedings of Chester A. Lyons of the City of Kingston, County of Ulster, and State of New York, as Administrator of said deceased, should not be judicially settled and allowed upon the petition of said Administrator.

IN TESTIMONY WHEREOF, we have caused the seal of said Surrogate's Court to be hereunto affixed. WITNESS, Hon. JOHN B. STERLEY, Surrogate of our said County of Ulster at Kingston, N. Y., on this 1st day of May, 1947.

NOTICE TO BIDDERS
NEW YORK STATE
CONSERVATION DEPARTMENT
CATSKILL MT. FISH HATCHERY

Sealed proposals will be received by the undersigned at the office of the N. Y. State Conservation Department, Broadway Arcade Building, Albany, New York, until one o'clock P. M. (Eastern Standard Time) on June 23, 1947, and will be publicly opened and read at the time and place above mentioned, for construction work at the Catskill Mt. Fish Hatchery located in Sullivan County, Town of Rockland on a Town Road about ten miles north of Liberty, N. Y., and about two miles north of DeBruce, N. Y.

Work consists of excavation, grading, two small concrete dams, concrete pond construction, pipe lines, drives, landscaping, etc.

Plans and specifications may be inspected at these offices:

1. N.Y.S. Conservation Dept., Room 501, Broadway Arcade Building, Albany, N. Y.
2. Dist. Game Protector William J. Goodman, 106 Prince St., Kingston, N. Y.

Plans, specifications, and proposal forms may be obtained from Mr. E. F. Smith, Asst. Administrative Finance Officer, State Conservation Dept., Albany 7, N. Y. upon payment of a fee of five dollars ($5.00). No refund of this fee will be made to any person.

All proposals must be made on the official proposal form and enclosed in an envelope which must be sealed and prominently marked "Proposal for Construction at Catskill Mt. Fish Hatchery." Each proposal must be accompanied by a properly certified check for 5% of the amount of bid without condition payable to "State of New York, Commissioner of Taxation and Finance," as a guaranty that the bidder will enter into the contract and furnish the required bonds, if the contract be awarded to him. Checks of unsuccessful bidders will be returned upon the execution of the contract and furnishing of the bonds by the successful bidder.

The Conservation Dept. reserves the right to reject any or all bids. An approved performance Surety bond to the extent of 100 per cent of the contract price and an approved surety bond guaranteeing the laborers and materialmen to the extent of one hundred (100) per cent of the contract price will be required from the successful bidder.

Proposals from "Foreign Contractors" must be accompanied by a certificate of the N. Y. State Tax Commissioner that taxes due and payable under provisions of Articles 9A and 16 of the Tax Law have been paid.

Jerome Scheuer of Boston gave me today's hand, which came up in the Vanderbilt Cup tournament. This hand shows that the experts do not always agree on the way to handle a tough situation.

The question is, what should North do over West's overall of two diamonds?

Scheuer says he put this question to Charles H. Goren, Howard Schenken, B. Jay Becker and other experts, and they would not commit themselves. One said, "I think North ought to go home."

T. A. Lightner thought North's best response was two hearts. Mrs. Helen Sobel thought she would double two diamonds.

If North doubled two diamonds, South in all probability would bid two hearts. However, if South passed two diamonds doubled, the chances are that West would make the contract.

If North elected to bid two hearts, South might become optimistic and jump to four hearts, which it is doubtful that he could make with a diamond opening.

Personally I am rather inclined toward Lightner's bid of two hearts. Though South in all likelihood would go to four hearts, the odds do not favor finding all five of the outstanding trumps in one hand; and as I said at the beginning, the problem concerns North's proper bid over West's overcall of two diamonds.

4-H CLUB NEWS

Maple Manor Unit

The Maple Manor 4-H Club of Alligerville held its club dinner Friday night at the school house with Miss Margaret Brundage and Ethel McKay, new members, as guests.

All members attended except Marion and Harriet Lopp who were ill. After the dinner, Miss Brundage led the children in singing and playing games. All enjoyed a fine evening.

Mrs. Bowman and Mary Ann Bowman, representing the Maple Manor Club, attended the officers' training school held in Kingston recently.

Farmers Must Get More or Send Milk To Other Markets

Syracuse, N. Y., May 24 (AP)—A spokesman for a majority of the dairymen who produce New York city's milk says a fall and winter shortage is inevitable unless the dairymen's return goes up July 1, August 1 and again October 1.

Charles H. Baldwin, executive secretary of the Metropolitan Cooperative Milk Producers Bargaining Agency, said in a statement yesterday that three 44-cent increases in the hundredweight price must be paid or farmers would send their milk to other markets.

From Utica, meanwhile, an A.F.L. farmer's leader telegraphed Secretary of Agriculture Anderson that any fall increase would come "too late."

John V. Johnson, regional director for the United Dairy Farmers of District 50, United Mine Workers, referred to the secretary's recent promise that the price would be raised in July and in either October or November. Increases in the latter months "will be too late to be of value," he said. "If production is to be maintained for the fall, we need an increase July 1 and August 1."

"We are facing an acute shortage of milk this fall," Johnson declared.

Baldwin pointed out that torrential spring rains had delayed grain plantings, and predicted a feed shortage that would cause low milk production.

He said also that dairymen were "selling out in alarming numbers," and interpreted this as a further indication of a forthcoming milk shortage.

MRS. MOINA MICHIEL

During the first World War, Mrs. Moina Michiel was a Y.M.C.A. worker. While aassociated with the work and the men in service she conceived the idea of wearing a red poppy on Memorial Day in memory of so many of our men who had lost their lives in fields of Flanders where the red poppy was a native wild flower.

Steel Probe to Continue

Washington, May 24 (AP)—Senators investigating huge sales of steel through unusual channels will resume hearings Tuesday with Herbert M. Karp of New York tentatively slated as a witness. Businessmen already heard by the Senate Small Business Subcommittee have described the New York lawyer as a middleman in arranging big transactions. Percy Nagle, representing Argentine and Chilean companies, testified yesterday Karp agreed to get him 195,000 tons of steel, estimated by committee aides as a $25,000,000 deal.

Lands in Bay as Car Crashes

New York, May 24 (AP)—A motorist was catapulted ino Jamaica Bay when his car crashed on Cross Bay Boulevard about 2 a. m. today, two men who rescued him suffered submersion and his wife was pinned in the wrecked car and injured. Swerving to avoid a collision, Michael Sinkel, 28, of 90-12 103rd avenue, Ozone Park, Queens, crashed into a center abutment and his car overturned. A door flew open, and Sinkel was hurled out and over a four-foot fence into the water. Peter Ryan, of 116-46 128th street, Ozone Park, and Robert Smith, 92-22 131st street, Richmond Hill, who were in a car behind the crashed auto, went to the aid of the Sinkels. One extricated Sinkel's wife, Ina, 25, and then Ryan and Meth dove into the water to help Sinkel.

No Chance, Says Eleanor

New York, May 24 (AP) — A woman would have "no change at all" to be elected president, says Mrs. Eleanor Roosevelt, "and what is more, I wouldn't wish it on her." "If by some fluke a woman were nominated and elected, she could not hold her following," the president's widow told the Foreign Press Association yesterday at a luncheon. In this country, Mrs. Roosevelt said, the idea of equality for women on all levels has not been accepted yet, so that the mere presence of a woman in political office often causes resentment.

Guest on Program

Mrs. Peter A. Carey, rehabilitation chairman of the Ulster County American Legion Auxiliary, will be the guest on the WKNY program Monday morning at 10 o'clock. Mrs. Julia Cox of Saugerties is the Ulster County chairman of the auxiliary.

Perhaps You've Never Seen It Put This Simply Before

ADVERTISING has been defined as "salesmanship in print—or on the air waves." The more advertising sells, the more goods are needed to fill that demand. The more goods needed, the more men and women are needed at the factory that makes those goods—yes, and on the farms and mines and mills that make the raw materials needed to make the product. In addition, more men and women are needed by the railway and trucking companies that ship the goods, and by the stores that sell it.

Advertising, by selling goods, starts a never-ending chain that leads to more jobs, better jobs, greater personal security.

So when you hear or read advertising—remember, it's *helping you* by making your job, your home, your income, far more secure!

What One Worker Says:

MACHINIST—I'll say advertising helps me. We make typewriters. I get paid because my outfit—and thousands of other companies we sell to—can sell their products or services at a profit. They do this mainly through advertising—modern mass-selling operation without which we'd really be in a fix. Advertising, by selling goods, protects my job.

Other Ways Advertising Helps You:

1. Brings you better goods for less money.
2. Makes shopping more pleasant and easier.
3. Has given us the world's highest standard of living.

Advertising . . . BY SELLING MORE GOODS TO MORE PEOPLE
Makes your job more secure
